Announcement of Life Members

Meeting Closed – Invitation to refreshments

John C. De Cean

DIRECTOR OF ADMINISTRATION

PRESIDENT' REPORT

As we approach the 58th Annual General Meeting to be held on Tuesday 7 August 2007 our Election meeting has passed and a new team of enthusiastic and dedicated volunteer lifesavers have taken over the reigns from my administration after a period of five years. To newly elected Branch President, Rob Yeldon goes my congratulations and best wishes on his appointment to this important role within SLS Sydney. I would also congratulate those newly appointed officers who will form part of Rob's team to take the Branch forward over the ensuing years.

In handing over the duties and responsibilities to our new leadership team I am comforted in the knowledge that the Branch is in a sound financial position, that our administrative and educational headquarters are secured at a prime location at Little Bay for a lengthy period of time and that the operational functions of the Branch are on a stable and progressive footing.

Communications and information to our clubs and their officers is effective and efficient thanks to the advanced technology that has been made accessible to us and has allowed the concept of Bi monthly Branch Council meetings to be a success. This coupled with two highly competent members of staff at the office in Yvette Rutherford and Linda Perrin, has ensured that SLS Sydney is at the fore of lifesaving in the local government areas for which we provide a vital lifesaving and preventative action community service.

That service has only come about due to the dedication and enthusiasm of our elected officials in lifesaving, competition, administration & finance. Such service has of course been underpinned by the highly valued and greatly appreciated financial support of our various sponsors who have been highlighted elsewhere within the pages of this annual report.

The season past has been a most exciting one with the Branch being host for a highly successful SLSNSW State Championships in the Cronulla Sutherland District. Our Branch Championships at South Maroubra was again a well conducted event and a credit to the Board of Surf Sports.

Lifesaving and rescue responsibilities have been of the highest standards due to the efforts of our Board of Lifesaving and the rescue network that operates under its supervision. Our Awards of

Excellence night at the Randwick Labor Club was outstanding and acknowledged all the hard work and endeavors' of our athletes, lifesavers, coaches, administrators and officials that make up the web of this wonderful organisation. The whole year being straddled by the excitement of The Year of the Surf Lifesaver – 100 years of Surf Life Saving and of course the number of clubs within our own Branch that have or are celebrating their own club centenaries.

We welcomed as Patron to the Branch, Life member & Past President, Bill Singleton who has had a long and distinguished career in the movement and whom I am sure will carry out the duties of this important office with all the dignity and aplomb of his forebears.

Pleasing to note also was the completion and official opening of the Garie SLSC Surf Centre in the Royal National Park. This achievement will, I am sure, enable the club to maintain a viable and successful surf life saving and social focus for many years to come.

It would be remiss of me as your retiring Branch President not to place on record my personal and sincere thanks to the Executive officers, Club Presidents and Delegates of our Branch that I have served with during my tenure. Each and every one of you has been diligent and enthusiastic in your duties. Your friendship, wise counsel and hospitality have been sincerely appreciated and I stand down with many fond memories of our work together for the betterment of surf life saving and the community as a whole.

I must also record my appreciation to the Executive and the ten other Branch President with whom I have served at SLSNSW State Council as your Delegate to that higher authority. It is most rewarding to be able to participate in that administrative process and obtain a helicopter view of what is happening with our movement across NSW.

The last five years have for me been a most rewarding and enjoyable experience and I thank you one and all for the privilege and honour of being your President. I look forward to seeing you all over the coming seasons at the beach.

Ken English
President

SURF LIFE SAVING SYDNEY AWARDS

As we are all aware, 2007 represents a Centenary of Saving Lives at the Beach. During the Year of the Life Saver a particular emphasis has been placed on recognising and rewarding those individuals who make massive contributions - in all areas of Surf Life Saving.

Lifesaver of the year

The Lifesaver of the year award has been developed to recognise members who have made an outstanding contribution to the delivery and development of Lifesaving services in the Surf Life Saving Sydney area. It is selected by a rigorous process of questionnaire, interview and a presentation in front of a panel of Lifesaving luminaries.

This year nominees were:

- Paul Jefferson from Coogee
- Dave Haggart from Maroubra
- Jayme Smith from Nth Bondi
- Jim Kornmehl from Bondi
- Kerry Briody from Bondi
- Trent Thomas from Maroubra
- Brenton Vaille from Wanda
- James Kell from Coogee

Nominees for the Lifesaver of the Year

All of the candidates showed in their application forms and interviews an extraordinary dedication to their Clubs which included Patrolling and Education as well as extra activities at District and Branch levels.

The winner of the 2007 Surf Life Sydney, Lifesaver of the Year is Dave Haggart from the Maroubra Club.

Dave Haggart is involved in many facets of Surf Lifesaving both in his Club, at District level and at a Branch Level. Some highlights relating to Dave's nomination include:

- At his own Club he is the Club Captain who is responsible for developing and coordinating all of the patrols. Last season Dave was the Chief Instructor of Maroubra. Dave performed over 70 hours of patrol himself as well as spending countless hours on the beach ensuring that the patrol standards were maintained.
- Dave is an active Instructor, an active patrolling member performed 100% patrol attendance last season and was very active of the Clubs Committee. Dave contributed over 160 hours last year as a Training Officer.
- Dave represents his Club at his District meetings, always advocating his Clubs position in a logical and forthright way.

Dave Haggart

- At a Branch Level, Dave is an Active Assessor, spending more than 30 Hours assessing as well as 40 hours on the conduct of proficiencies.
- The remarkable fellow also coordinated CPR courses for the local school as well as in administrative duties at his own Club.
- Dave is also a carnival official, a Competition coach and himself a competitor.

When you also consider that Dave works full time, then this is truly a remarkable achievement.

Please congratulate Dave Haggart from the Maroubra Club on being the Surf Life Saving Sydney 2006-2007 Life Saver of the Year.

SLSS Volunteer of the Year

This award recognises a member assists in managing and / or developing a Club or service and whose contribution enhances the development of surf life saving. The award is selected in a similar way to the Lifesaver of the year via questionnaire, interview and presentation.

The nominees for this season's Volunteer of the Year were:

- Tim Murray from Maroubra
- Scott Rofe from Wanda
- Ray Robinson from South Maroubra
- Doug Hawkins from Coogee
- John Crowe from North Bondi
- Donna Godwin from Bondi
- Cathy Hall from South Maroubra
- Brett Furniss of Wanda

Nominees for the Volunteer of the Year

All of these nominees contributed to surf lifesaving by a range of activities at Club, District and Branch Levels as well as in the Administration, Lifesaving, Education and Junior Activities levels. We wish to congratulate all nominees for their outstanding contribution to surf life saving.

The winner of the surf Lifesaving Sydney Volunteer of the year award is Doug Hawkins of the Coogee Club

Doug's contributions to Surf Life Saving via the Junior activities at a Club, District and Branch level was extraordinary.

A summary of Doug's contribution was:

- At a Club level, Doug is the Captain of the Coogee Minnows Junior Surf Life Saving Club. As Captain, he is responsible for the organisation and conduct of more than 500 children each weekend during summer. The Coogee Minnows have gone from strength to strength under Doug's guidance with an expansion in participants, parents assisting with the conduct of events and the emphasis on retention.
- Doug is also a Level 1 Competition official and a proficient Bronze Medallion holder participating in water safety as required.

Doug Hawkins

- Doug holds a number of other positions at a Club and branch Level. He is a delegate to the Sydney Branch Juniors, he is the Lifesaving and Education coordinator of Surf Life Saving Sydney Junior Activities and he is a member of the organising committee of the Coogee SLSC centenary celebrations committee.
- Doug's role in the Juniors at a Branch level has been instrumental in improving the Lifesaving skills of our Nippers. He has coordinated the U/11/ and U/13 development camps for the Branch, one of which won the Surf Life Saving Sydney Community event of the year.
- Doug also coordinated the Westpac Bush Nipper program at Coogee. The training program for Nipper water safety parent's, arrange Nippers to be represented at a number of TV segments when required.
- Doug spends a massive amount of his time for the benefit of nippers both in his own Club and in the Branch. It cant be estimated the amount of time Doug spends in his volunteer role, but going by the resume above, it is enourmous.

We congratulate all of the nominees for the Surf Life Saving Volunteer of the Year award and the winner, Doug Hawkins of the Coogee Club. All nominees for both the Lifesaver and Volunteer of the year receive a plaque at the Surf Life Sydney awards of Excellence in May.

PETER AGNEW – SOG MEMBER OF THE YEAR

MOST AWARDS PER DISTRICT PRESENTATION

FAREWELL TO OUTGOING SLSS DIRECTORS
Ken English, John Brown, Gary Daly & Grahame
Evans together with their wives.

BOARD OF LIFESAVING

Ladies and Gentleman,

As we celebrate 100 Years of Surf Life Saving, it is important that once again we pause and thank those that through the hard work of our Volunteers at a Club, Support Service and Branch level where Surf Life Saving Sydney have continued its proud tradition of supporting the community in this, the Centenary of Surf Life Saving.

What a season! With the Association celebrating it's founding in 1907 and the Federal Government proclaiming 2007 "The Year of the Surf Lifesaver", the Organisation has had one well deserved high, which no doubt will continue until the new season and beyond.

A summary of highlights of the season included:

- Patrols were provided by Clubs and Groups on 68 days during the season which commenced on the 30/09/2006 and ceased on 25/4/2007.
- There were more than 3,656 active voluntary lifesavers involved in patrolling in our Branch.
- More than 105,000 hours of patrols were volunteered by the members of Clubs and Groups in the Surf Lifesaving Sydney area during this season.
- 2,161 rescues were performed by Clubs and Groups.
- Over 5,699 awards (Junior Activities and Senior) were facilitated and assessed for Clubs and Groups during the duration of the season which is a record of the Branch.
- More than 150 Lifesavers participated in Board of Lifesaving activities such as Surfcom, RWC's, Assessment and Proficiencies, Facilitation, Duty Officers and Peer Support Councillors.

- Again Surf Life Saving Sydney Branch Board of Lifesaving members featured prominently in the SLSNSW awards of excellence. Congratulations go to Jayme Smith, Michael Bretherton and Dave Haggart.
- Participation in the Organising Committee for the Sydney Harbour Australia Day Celebrations.

The Board of Lifesaving in Sydney Branch through its volunteer participants continued to provide a wide range of services to the community including:

- Patrolling Standards – ensuring that appropriate patrolling standards are set in terms of equipment, patrol strengths, uniforms and times and informing people of these standards whilst undertaking audits to ensure that these minimum standards are adhered to by Clubs and Groups.
- Education – providing appropriate education resources to Clubs and Groups and undertaking Facilitation and Assessments for awards for Clubs but also for the general public.
- Assistance – provide assistance to Clubs and Groups in terms of patrols, education and human resources as requested by Clubs to ensure the continuance of volunteer Lifesaving at the respective beaches.
- Support Operations – provide enhanced patrol capabilities and support to the Clubs through Surfcom, ORB Groups (operated by the Districts), RWC's, Duty Officers and Peer Support Counsellors.

BOL Administration and Meetings

The end of the season has seen our Directors race come to an end, with many including me believing that he should have done a couple of more laps. We have been

blessed in recent years with strong leadership and Gary has set the bar far higher than I imagined it could go, but as with all good leaders he lead by example and got his people over the line with flying colours. Gary believes in delegation and accountability and his style was most inspirational.

Gary's three cohorts continued to provide excellent service. Michael Hodsdon certainly knew he was in the midst of it at the State Titles and his dealing with Lifesaving issues. Michael Bretherton, continued to grow in his Educational role and the results of his labours speak for themselves. Stephen is continuing to provide a professional standard that is becoming more and more recognised by the Community and just as importantly the various arms of Government that are involved in rescue activities in or near the water.

Peter Agnew's activities with the jet skis was very successful and has set a solid foundation for the future. His not re-standing will be sorely felt both in the position and at Committee level. David Winkle took up the challenge with the IRB's and had some successes and learnt some lessons that will keep him in good stead. It was good to have Ron Camilleri back on board and his knowledge, understanding and street smarts came to the fore with the ORB's.

Kerryn has got the Radio Operations back on a solid footing and her commitment can not be questioned.

Kerryn is already working hard on next season. But what she would really like is more support from the Club's with radio operators.

Graham Hill, conducted an excellent Lifesaving Championship, however, even though the Club's want the event, when it comes to the crunch, it is still not supported as it should be. The events are in essence what Surf Life Saving is all about and directly relates to our performance on the beach, as did the R&R so many years ago.

Again with our successes we had some negative issues, with not all positions being filled and if we are not careful this will be an issue in the coming season. We have asked the Club's to look to their membership and nominate members, as without their support we can not succeed. Gary has successfully pushed the concept that we are a support service for the Club's, that is only to happy to provide assistance whenever requested. That our standards are the Associations standards and as such theirs, we do not make the rules, but are empowered by the Club's to maintain the standards required.

The coming season will see new challenges to overcome and the continuing intrusion of technology into our everyday lives. I am confident that on our past performance, we are up to the task. To every member, I thank you for your contribution and look forward to more of the same.

Report compiled by Peter Quartly
Board of Lifesaving Secretary

**Peter George, Gary Daly &
John Resutccia
SLSA, SLS Sydney and SLSNSW Directors
of Lifesaving 06-07**

Other Sub Committees met during the season on an ad-hoc basis. Its members were:

Meritorious Awards & Lifesaving Selections Committee

Gary Daly [Chairman], Kerryn Briody, Michael Hodsdon and Stephen Leahy.

Gear Inspection Committee

Tony Coffey, Kate Scott, Glen Clarke, Adrian Culbert Michael Batty, Michael Bretherton, Peter Carney, Kerryn Briody, Patrick Garcia, Michael Hodsdon, Mark Percy, Scott Rofo, Gary Daly and Peter Quartly.

Board of Lifesaving Officers also organised and attended the following conferences and meetings on behalf of and with the Clubs and Groups;

- SLSNSW Directors of Lifesaving conferences (2) and teleconferences (4)
- SLSS Lifesaving conference at Sth Maroubra
- SLSS Assessors upgrade and proficiency at Maroubra SLSC
- Cronulla Sutherland District Patrol Captains conference
- Other District Patrol Captains conferences (4)
- SLSS Award update information nights (3)
- SLSS Chief Instructors meetings (2)

The Board of Lifesaving has also completed the task of updating its By-Laws and have forwarded to the Branch Rules Committee for acceptance.

It was unfortunate that events conspired against us and The Ian Mackie Memorial Lecture was postponed. The Board is confident to successfully organise in the coming season in November 2007

Patrols

All Clubs should be congratulated on the effort produced and standards of their Patrols this season.

As a summary of the season we started off the season with usual Club Captains and Chief Training Officers conference to provide clubs with the updated standard of resuscitation along with requirements for the upcoming season and to provide clubs the opportunity to raise any queries they had regarding the requirements prior to the season commencing.

Once the conference had been held the next task for the season was gear inspection. The District Lifesaving

Supervisors were given the task of organizing the panels and conducting the inspection in early September prior to the seasons commencement. All the feedback from the supervisors was positive with clubs providing assistance for members of the panel and to have people available to the panel when the inspections took place. I would also like to thank all those who were apart of the panel and the people helped in organizing the gear at the clubs especially those in the RNP going to the clubs in the wet weather for gear inspection.

Patrol inspections were conducted throughout the season by the lifesaving supervisors and their assistants. The inspections were carried out without any fuss and standard across all the districts seemed to be a higher standard overall and only main issue being the replacement of the DHL tents which should be rectified by next season.

Lastly I would like to thank the Board and especially the District life saving supervisors for the effort for the past season and hope to see you all next season.

Congratulations to Bondi Club for winning the Patrol Efficiency pointscore and Cronulla, Elouera, Era and Wanda Clubs for placing equal first for the Gear Inspection.

Patrol Efficiency Pointscore tally

Club	Oct	Nov	Dec	Jan	Feb	Mar	Apr	Total

An overview of each District conveyed by the District Supervisors is below:

Randwick District

Congratulations to all Randwick District Clubs being Clovelly, Coogee, Maroubra and South Maroubra on another successful year. All Clubs requirements were met to a certain degree, give or take one or two hiccups with patrol times and IRB's on the water.

First aid and rescues were performed to the standard expected by Surf Life Saving; unfortunately lives were lost outside patrolling hours and locations.

Well done to my assistant Patrick Garcia who had taken on the thankless role of Club Captain for Coogee half way through the season, his professionalism helped the district and maintain our high levels of performance.

John Campanaro and his assessing team did a magnificent job again ensuring candidates displayed their life saving knowledge to a competent level at the very least! Clubs in the District also performed very well in the Training area – some with record numbers so well done also in this area.

Glen Clarke –

Randwick District Supervisor Lifesaving

Royal National Park District

As another season closes in the royal national parks district of Sydney Branch I would like to thank all the Officers, members and supporters of Garie SLSC, Era SLSC and Burning Palms SLSC for all their efforts at these clubs this season. Most importantly, however in this the year of the surf life saver I would like to extend my congratulations and thanks to the patrolling members who throughout this season braved scorching temperatures, howling winds and rain, and horrendous surf conditions in order to patrol these beaches and keep thousands of park visitors safe.

That is a sometimes overlooked but great achievement in itself, no fatalities occurred while members from this district were on the beach and giving their weekends to do so.

The season started well with a rather wet weekend gear inspection across all three clubs. Again my thanks go to all of the clubs gear officers and their helpers in getting all the gear out in the rain, it made the job so much quicker and easier. There were no real problems with any of the clubs gear with all of it in good condition and of the required numbers. Most importantly I saw most of that gear out and ready to be used during my patrol

visits this year, which is, after all, the whole point of all these gear inspections.

I was able to make several patrol visits to all three RNP clubs during the season, and while the main purpose of these is to check that appropriate levels of members and equipment are on patrol, it was also a good time for me to put some face to names of people and have a chat about how things were going in the RNP. I would like to thank those members I spoke to for their feedback and assure them that it was passed on to the appropriate people. All in all the outcomes from the patrol inspections were very positive with all clubs working hard to ensure that their obligations under their Patrol Service Agreements were fulfilled.

On the area of Patrol Service Agreements and standards it was very encouraging to see so few variances noted from these documents this season. I would like to thank club captains for their timely responses in explaining the few variances that were noted. This demonstrates that quick responses serve to quickly rectify problems which may occur, and I would like to reiterate the importance of keeping clear lines of communication in order to resolve issues as they occur keeping our valued members safe on the beach.

Again I would like to thank all of the patrolling members on the beaches of the royal national park this season for putting the hours that they did to keep the public and most importantly each other safe.

Adrian Culbert
RNP Lifesaving District Supervisor

Waverley District

Another good season for the Waverley clubs was had. Six Patrol Inspections completed across the summer, in addition to the Annual Gear Inspection and all clubs have been great in focusing their efforts on

improving the (already good) patrol standards across the season.

The three Roughwater Swims held in the district all had challenging conditions to deal with and were well handled by the respective host clubs. I've been particularly impressed by the level of interest and involvement shown by North Bondi's Honorary Medical Officers and am tempted to try and convince that team to take on a District level role. I'd recommend other clubs look into a similar system for events if they can. The doctors are made honorary members of the club in return for their professional assistance at the major events each year. It means no direct financial outlay on the day and a team of medical professionals with a strong interest in on ongoing involvement in the club's activities (I've had one of them volunteer to help teach the first aid section of a bronze course).

Gear Inspection also went well, despite horrendous weather, thanks to a great inspection team and four very well prepared clubs. The only problem on the day was the lack of stickers. The supply sent through ran out before we'd completed our first club. I then spent the rest of the season whacking stickers on things at any available moment.

Bronte and Tamarama have made some progress towards a greater IRB presence on the beach and plans in place in the Education area for next season is likely to help this area further.

As noted in my April report, I am standing down as DLS this year. I've let the Waverley Club captains know as I think it's important they have some input on who my replacement will be - this person is their chief support into Branch and I'd rather they all got along well. On that note, I'd like to thank the Waverley Club and Patrol Captains in particular (both past

and present) for their wonderful support over the past four seasons.

Kate Scott

Waverley District Lifesaving Supervisor

Cronulla-Sutherland Report

Early in the season I offered to attend Patrol Captains meetings with each of the 4 clubs and was invited to 3 of these where a good exchange of information and expectations was had and extend my thanks to all concerned.

An extraordinary meeting was held with Club Captains in August to finalise a proposal for a Patrol Strength variation concerning IRB coverage, given the clubs close proximity to each other and the presence of Offshore 2, and this was accepted by Branch. Throughout the season, with a few exceptions rectified by the clubs, this agreement was adhered to.

Due to unforeseen circumstances I was unable to attend the Gear Inspection and offer my sincere thanks to Peter Carney for conducting this. It was disappointing to note a lack of inspectors from 2 clubs which, hopefully, will not be repeated in the upcoming season.

Patrol standards for the most part were high with any anomalies being addressed in a timely manner.

With a strong media presence for the first half of the season as well as 2 film crews operating for an extended period it good to see Cronulla-Sutherland surf lifesavers portrayed in a positive light and all in full uniform.

My thanks to the District Council and all club members for their valuable assistance, as well as Education Supervisor Scott Rofo, Education Manager Mick Bretherton and Deputy Director of Life Saving Michael Hodsdon, with the training and integration of Lakemba Sports Club members.

During the State titles weekends, particularly the senior carnival, patrols had to work hard with many preventative actions and rescues performed. As was demonstrated, even on closed beaches, hundreds of members of the public can find themselves in trouble. Thank you to all clubs for a cooperative effort resulting in no lives lost.

Tony Coffey –

Cronulla-Sutherland District Lifesaving Supervisor

Patrol and Lifesaving Information

Patrol Hours per Club

Patrol hours statistics used in this report are those taken from Surfguard as at 01/6/2007 and are entered by Clubs.

Club	BO	BR	BP	CL	CO	CR	EL	ER	GA	MA	NB	NC	SM	TA	WA	ORB2	ORB3	SURFCOM	RWC'S	TOTAL
Total Hrs 06/07	9394	5752	1319	4755	10855	8157	6319	1464	2317	6369	11980	7586	6579	4100	11886	2523	2157	580	939	105,031
Active Members 06/07	247	289	34	176	466	264	226	66	67	282	510	226	221	131	308	41	39	20	45	3,658
Total Hrs 05/06	7588	4799	1464	4367	10667	9844	4649	686	2693	5331	10998	8287	6994	4601	6545	3251	1440	721	491	89,512
Active Members 05/06	259	196	33	142	346	315	247	20	47	200	398	234	201	139	209	44	30	22	10	3,092

Over the course of the 2006/2007 season, over 105,000 hours of voluntary patrolling hours were performed by Surf Life Savers as members of Clubs and Groups. Using an estimate of the minimum hourly rate for a casual employee in NSW (which is approx. \$15 per hour), this equates to over \$1,350,000 in volunteered time by Surf Lifesavers in the Sydney Branch area during the course of the season.

Rescue and other Patrol statistics

Rescue and Statistics used in this report are those taken from Surfguard as at 17/5/2007 and entered by Clubs.

Value of Lives Saved to the Community

Using the formula contained in The Allen Consulting Group “Valuing an Australian Icon” report from October 2005 and the methodology from estimate developed by the Australian Institute of Criminology (Mayhew 2003) the value of a life saved (that would have otherwise been lost) in 2004 is \$1.7 million. The value therefore of lives saved by SLSS Clubs and Groups is estimated as follows:

Season	Rescues	Value Note 1	Preventative Actions	Value Note 2
2006/2007	2161	\$183,685,000	28111	\$477,887,000
2005/2006	1934	\$164,390,000	26466	\$449,922,000
2004/2005	2621	\$222,700,000	45907	\$780,420,000
2003/2004	1750	\$148,750,000	19416	\$330,072,000

NOTE 1: It is estimated that 5% of rescues would result in a drowning if no Surf Life Savers were available at the time of the rescue.

NOTE 2: It is estimated that 1% of preventative actions would result in a drowning of the patient if they were not performed by Surf Life Savers. The value of preventative actions is outlined above. (See page 10 The Allen Group report)

Value of Permanent Incapacitation to the Community

According to the Allen Consulting Group "Valuing and Australian Icon" report from October 2005 the cost to the community of a permanent incapacitation is valued at \$1.8 million per incident. Assuming 5% of all major first aid would have resulted in permanent incapacitation if Surf Lifesavers were not available at the time of the incident, the value of our actions can be estimated at:

Season	Total Major First Aid	5% of total	Value
2006/2007	95	5	\$9,000,000
2005/2006	77	4	\$7,200,000
2004/2005	122	6	\$10,800,000
2003/2004	82	4	\$7,200,000

Note: Major First aid includes Major wounds, Fractures, Resuscitation, Defibrillation and Spinal injuries

Value of First Aid to the Community

The value of minor first aid can be determined by comparing the first aid performed by volunteer Surf Lifesavers against the scheduled Medicare cost of a doctors / emergency room visit of \$30.90. Assuming that 30% of people would have sought such help if volunteer Surf Lifesavers were not available, the value of this service can be estimated at:

Season	Total Minor First Aid	30% of total	Value \$
2006/2007	5695	1708	\$52,777.20
2005/2006	8146	2444	\$75,519.60
2004/2005	4330	1299	\$40,139.10
2003/2004	4677	1403	\$43,355.79

Proficient Members for Core awards per Club

The following table outlines the numbers of members who are proficient in core awards required for patrols as shown in Surfguard at 29/5/2007. With the introduction of the Certificate II in Public Safety (Aquatic Rescue) the Bronze Medallion has been made an equivalent with this award.

	BO	BR	BP	CL	CO	CR	EL	ER	GA	MA	NB	NC	SM	TA	WA	ORB2	ORB3	RWC	SURFCOM

Patrolling strengths

SLSNSW along with SLSS require minimum patrol strengths to be maintained during the course of the season (as negotiated). Assuming that all Clubs perform patrols at the minimum strengths as agreed with SLSS, it is estimated that Clubs need to have at least 60 active BM Members to fulfil basic /

standard patrol duties when there are 68 patrolling days a season and the minimum patrol strength is 5 BM Holders and where each patrolling member performs approx. 50 hours of patrols a season. There are a number of Clubs that have less than this suggested number of active members and the Board of Life Saving is endeavouring (along with

SLSNSW) to provide a detailed recruitment and training program for Clubs in need of new active members.

Other Patrol activities

The Board has released the SLSS Standard Operating Procedures which have encompassed all relevant rules, procedure and guidelines into one place in line with SLSNSW developments in this area.

In terms of the interaction with controlling authorities such as Local Councils and National Parks, relations remain relatively good with constant communications ensuring that any issues that have arisen are dealt with in a prompt manner. It was particularly pleasing that a Memorandum of Understanding for use of RWC's in the Waverley area was agreed and signed which resolved an ongoing disagreement with the Council. It was also good to see that Waverley District Clubs are now meeting regularly with the Council to resolve any issues.

SUPPORT OPERATIONS GROUP

There is no doubt that the core business of Surf Life Saving Sydney is to ensure the safety of the millions of people that visit Sydney's beaches each year and our Support Operations Group (SOG) and Branch-wide rescue services have continued to meet that challenge. As we identified last year, the SOG remains an integral part of our lifesaving systems. We continue to be recognised as the benchmark of support services.

The services that make up the Support Operations Group are:

- Duty Officers
- 24 hour Emergency Response Team
- Peer Support – Counselling – Team

- Randwick District Offshore Rescue Boat (*Offshore 3*)
- Sutherland Cronulla Offshore Rescue Boat (*Offshore 2*)
- RWC (Jet Ski) Team, comprising 2 Branch skis and the DPI "Shark Patrol" ski
- SurfCom Communications Centre

Sincere appreciation is extended to every member of the SOG – a fantastic group of volunteers who do far in excess of what is expected of them in regards to patrol hours and callout taskings. Still, they regularly front up to their home clubs and perform beach patrols. Our sincere thanks to all SOG members and to their families who support us in providing vital rescue services.

Support services rescued 157 persons, assisted in 10 searches, performed 354 preventative actions and provided emergency care on 5 occasions. Our 24 hour Emergency Response Team were called out on 47 occasions.

We worked closely with the Westpac Lifesaver Helicopter Service and helicopter *Lifesaver 3* received funding to boost aerial shark patrols. Nevertheless, it is with sadness that we report that the state government have determined not to renew the medical contracts of the Lifesaver and CareFlight helicopters. At the time of writing, the Lifesaver service has had a major reduction in their capabilities and discussions are underway as to how the Service will continue to operate in the future. It is a shame that egos and political agendas have resulted in the cessation of two world-class rescue helicopter services.

Surfcom, under the leadership of Kerryn Briody and supported by Joe White, has been invaluable in their support of patrols and emergency taskings. Before the commencement of this season, renovations ensured a far better facility and has minimised the noise and distractions to the radio operators in both organisations, however the overall communications capabilities of all of us continues to improve. There were a number of major search and rescue incidents involving both organisations and the coordination was well done. My thanks to Commander Ian Baker and his team at Coast Guard Solander for their great support.

Surf Life Saving NSW has undertaken a great deal of work on the state-wide radio network and this work continues. I have no doubt that we will see more improvements before the start of the season. This will include remote emergency alarms at black-spot locations such as Little Bay and camera surveillance. Preliminary discussions with our State Centre indicate an exciting future and role for our Surfcom.

During the year, the various units within the SOG have been involved in a number of emergency management functions and incidents. We still play an important role on the Botany Bay/Port Hacking Emergency Management Committee and we have worked closely with our colleagues within the local emergency services. Drownings at Little Bay, Botany Bay and searches and a drowning following a boat accident at Kurnell have seen those relationships work effectively.

The Tsunami alert on Monday, 2nd April required a state-wide activation of our services and these were coordinated within Sydney, centred on the portable capabilities of our Surfcom.

Our Offshore Rescue Boats remain an integral part of our patrol and emergency network and both have performed admirably. Membership is improving and their individual rescue statistics are evidence of their need. A review is underway in regards to Offshore 2 and while this is welcomed, this needs to be finalised as soon as possible so that the stress that has been built up over recent months can be alleviated. I believe the ongoing performance of both boats has been outstanding and I congratulate the Captains and executive of both boats who have worked hard to improve their service provision.

In addition, the ORB2 Group was presented an award by Malcolm Kerr MP who invited them to his office where he presented them with "The Premier of New South Wales Community Service Award". This is awarded for outstanding service to the community. I believe it is good recognition of the Support Operations Service Group which will ultimately reflect well with other such groups within SLS New South Wales.

The start of this season saw the training and qualification of 20 new operators joining our Rescue Water Craft – Jet Ski – team. We were also provided a third RWC through the Department of Primary Industries to extend our shark patrol capabilities. The RWC service has now evolved into a service that is recognised around the state as being of a benchmark standard and it is important that we thank the Branch and our member clubs for their ongoing support of this service. Energy Australia continues to financially support the Service and we are very grateful for this. I also recognise the efforts of Peter Agnew, Richard Pinker and Trent Thomas for maintaining and fuelling the units and ensuring they remain on line.

Over the last eight years I have reported that Duty Officers are an integral group of lifesavers – this is still very much the case. These very dedicated members provide support and guidance to our patrol captains as well as coordinating major incidents. Outside normal patrol duties, these twelve members manage rescues and incidents working with police and other emergency services. The Duty Officers are on call 24 hours every day of the year and are prepared to fall out of bed at any time to provide this essential service. My thanks to Matt Scott, Peter Fuller, Jim McElroy, Ben Inglis, Matt Pacey, Greg Purvis, Ron Camilleri, Michael Hodsdon and Brad McDonough. Our system of Duty Officers is now being copied by most other Branches in NSW and their role is recognised nationally.

Support Operations are now seen an important part of the association's ability to achieve their mission to provide a safe beach and aquatic environment. The SOG within Sydney has matured into a solid service recognised right around the country as a great example of such a system. However, their primary role is to support club patrols in providing lifesaving services. Their secondary role is to provide patrol and rescue services at locations where there is no club service. Both roles have been achieved admirably – we continue to provide rescue capabilities on every waterway within our Branch boundaries.

Lifesavers
Trent Thomas, Fadi
Nemme & Dave Haggart

CONCLUSION

The great part of the evolution of the Support Operations Group is that we can now boast a true 24 hour lifesaving service that provides rescue capabilities on every waterway within our Branch boundaries. Rescue Services Manager, Stephen Leahy should be thanked for his vision and efforts throughout the season.

EDUCATION

All Assessments and Facilitation is coordinated by the Manager-Education, Michael Bretherton. This season there were 105 members of the Board of Assessors who assessed or facilitated at over 100 separate occasions.

The Education for the season 2006-2007 was dominated by SLSA changing our CPR protocols to be in line with Australia Resuscitation Council Guidelines. A major procedural change for us as this had to be rolled out to the patrolling membership before the first patrol of the season if possible. The BOL introduced the changes to Surf Sports Officials, Assessors, Chief Training Officers and Trainers by 3 workshops in Waverley, Randwick and Cronulla Districts. Some 120 trainers and assessors gained proficiencies in CPR from these evenings. The club trainers and assessors took this information back to the club and group members and had the patrolling members proficient in time.

Standard Operating Procedures

Assessors and Facilitators to become proficient are required to complete an Assessor or Facilitator re-endorsement form annually. This will have to be completed and re-endorsement will be granted by each September. All assessors and facilitators will have to have the re-endorsement forms at the branch office by July so these processed and endorsed by SLSNSW.

Specialised Courses

Easing of qualifications for facilitators to conduct specialised courses has created a new interest in these courses. This has enabled a new revamped education calendar for this winter. We have had 9 new Facilitators Cameron Miles, Jayme Smith, Mark Doepel, John Campanaro, Pat Garcia, Phil Kemp and Scott Rofo and with another 2 in training. 3 weekends courses have been conducted in the season about 30 candidates have completed these courses.

Courses have a need to be concentrated on ARC and IRB awards to strengthen patrols. Actions will be taken during the off season and at the beginning of next season by the clubs. The lack of numbers of these awards were highlighted by auditing patrols to audit the quality of the awards of the members on patrol.

CERTIFICATE II in Public Safety

(Aquatic safety)

The introduction of this award meant that the patrolling members had to answer 9 questions to be granted Recognised Prior Learning. SLSNSW has completed assessing these questions. New candidates have experienced a course that enables them to have the training recognised by outside industry. The majority of these were completed by end of last season a number still completed the proficiency at end of 2006.

As a follow up to this system many of these awards have been recognised and are used as International awards.

The number of Certificate II /Bronze Medallion Awards has increased from last season. To maintain the standard on patrol strength the numbers have to be kept. Some clubs and Districts have preformed very well others are nowhere near the recruitment figures that are required. Clubs will have to also look at members on patrols, compared to qualified ARC, IRB drivers and IRB Crews. To

maintain good patrol strengths these will have to be addressed in some areas.

Facilitators

Our hard working facilitators are helping clubs to have excellent Life savers on Patrols. Offering an ability to complete courses such as 151 Senior First Aid, 239 Spinal Management, 326 Defibrillation, 86 Patrol Captain, 49 Advanced Emergency Care, 55 TAA Provide Training and 14 TAA Assessors.

CONCLUSION

Mick Bretherton would like to thank the Executive of the Branch for their support during the season.

The total of awards has increased by over 800 awards about 30% from last season. The standard of the candidates has been exceptional and this has got to be a reflection on the dedication of the Chief Training Officers and the trainers from all clubs.

A mention has to made to the Assessors for the hours of assessing away from their own beaches. The District Supervisors for the co-operation and dedication in organising of assessors and assessments.

Linda Perrin has worked tirelessly on having the awards processed for the Clubs. The role of Education Manager would be impossible with out Linda's help.

To Gary Daly providing leadership and having all of the BOL pointed in the right direction to advance Education and Life Saving of this Branch in the future. The Year of the Life Saver has increased awareness with an influx of members and educating these members has been at been to the best practice.

Education Information

Board of Assessor Membership has grown steadily for the season after the drop off in season 2006/7 due to reaccreditation being required for all Assessors

Season	Active Assessors	Leave / Other	Total
2006/2007	105	0	105
2005/2006	90	5	95
2004/2005	134	0	134

Assessors that completed 10 or more Assessments during the season (based upon returns to the SLSS office) at 20/5/2007 were:

Assessor	Assessments / Facilitation
Michael Bretherton	28
John Campanaro	18
Glen Clarke	15

| 5th | John Simpson / Chris Stone
North Cronulla |
| 6th | Ian Manley / Amy Stone
North Cronulla |
| 7th | Tara Johnson / Brett Simpson
North Cronulla |

The Branch kindly offered a prize of a rescue board to the Club of the winner of each competition which was much appreciated by the winning Clubs.

Board of Lifesaving Conclusion

I would like to thank all Life Savers who volunteered their time to the safe-guarding of life on our coastline as well as those who volunteered additional time in participating on the Board of Lifesaving, Board of Assessors, Support Operations and other areas of the Life Saving sphere at a Branch level. A vote of thanks also goes to the SLSS Office Staff for their superb efforts in keeping the paperwork moving.

Thanks go also to the Board of Lifesaving "Executive" consisting of Michael Hodsdon, Deputy Director of Lifesaving, Stephen Leahy, Rescue Services Manager, Mick Bretherton, Manager-Education and Peter Quartly, Board Secretary who spent countless hours in the performance of their duties on behalf of the member Clubs (which goes largely unnoticed and unrewarded). As I will not be seeking re-election for season 2007-2008, I would like to wish my successor and the new Board of Lifesaving all the best in the future. I have enjoyed this very challenging and time consuming role and sincerely thank those who supported and assisted me throughout the last two seasons.

In our 'Centenary year' and beyond, the Board will continue to work towards better assisting Clubs and Groups in the performance of their appointed duties through direct support and provision of education whilst continuing to ensure minimum standards are met at all times and encourage our constituents to aim higher than that.

I wish all Surf Life Savers, families and Surf Life Saving supporters every success for next season and into the future.

Gary Daly
Honorary Director of Life Saving
On behalf of the Board of Lifesaving
Surf Life Saving Sydney

BOARD OF SURF SPORTS

The 2006-2007 season has no sooner finished than we begin planning for the new one. It has been a very full calander which was exacerbated by 2007 being declared the 'Year of the Lifesaver'.

Your Board continues to move forward and deal with the changes and challengers presented to it. I am indebted to its members for the support and plain hard work they have undertaken during the period. Without that the season wouldn't have been the success it was. Many thanks fellas on a job well done.

Change is healthy and vital in any organisation or business. For this reason I will not be seeking reelection in 2007-08 as Director. I have been on the board now for some considerable time and believe its time to step down. I have enjoyed my time on the Board and my thanks to all of you who have made our job easier by backing us in our endeavours. I would also ask that you provide the same consideration and support to my successor.

To our panel of advisers to the Board, thank you for your input. Without the assistance of our SLSS Executive we could not function as we have. Many thanks for your whole hearted support and encouragement. Thanks also to the SLSS Council for the confidence they have shown in the Board's recommendations and actions throughout the season.

A special thank you to our hard working office staff, Yvette and Linda for their productiveness, patience and initiative. They have been a real asset to our activities. It's hard to imagine life without them.

To all the SLSS Officials who undertook roles during the season, thank you for making it possible to provide the excellent competition and management of surf

sports for our athletes. Lastly, my thanks to our Clubs, their competitors and coaches, managers, administrators, sponsors and supporters. Your involvement in our competition has been greatly appreciated.

Interbranch Competition

As in previous years, the team performed creditably and deserve to be congratulated on their efforts. Contrary to vexatious gossip, the behaviour of the team was excellent as was the team spirit and support they demonstrated during the competition. Our Coach, Doug Iredale and all the selectors did a great job during the season. With the operation of the high performance squad these roles will take on a greater significance which will lead to improved performances and results. Thanks also to the Team Managers John De Cean and Margaret Sears for their hard work and the chaperones and helpers who made this weekend away at Crowdy Heads a most enjoyable and pleasant one.

SLSS Carnivals

Difficulties with the commencing time for competition in some areas seemed to be the only major problem being experienced this season. A shortage of IRB crews experienced in can-laying hasn't helped and this issue is to be addressed in the 'off season'. Most Officials appear to favour the changed format of events – core events and second tier options – as it means finishing at a more reasonable time. Hopefully this message will encourage a few more Officials to return to active duty. We could certainly use their help, especially at Senior carnivals. To those clubs who hosted carnivals during the season, congratulations and well done. Your efforts were appreciated. A special thank you to South Maroubra SLSC for hosting the Branch Championships and Age Championships.

Awards

The Board of Surf Sports extends its congratulations to the many club members who were successful in their endeavours and achieved awards, during the season. I would also like to thank those club members who proudly represented their clubs and SLSS so enthusiastically. It was very pleasing to see and places us well for the future.

Scrutineering and Gear Maintenance

The Board is blessed with the services of Bill Singleton who, despite ill health, coordinated scrutineering for the Branch. Thanks Singo, you did an amazing job. Unsatisfied by oversighting that task, Bill again joined forces with Captain Chaos (Alias Frank Ridley) and maintained all of the SLSS competition gear and trailer. Thanks also to the Board of Caringbah Bowling Club who kindly allow us to leave our Gear on their premises. This gesture is greatly appreciated. Also thanks to the Board and Council for their approval of the purchase of a new 'Beach' Gear Trailer and the acquisition of new electronic beach start/finish gates.

Officials and Education

Level 1 courses for those wishing to become Accredited Officials have been run subject to the demand indicated by Branch Clubs. In this regard, I have been very ably assisted by Graham Bruce and John De Cean. Their contribution and enthusiasm has led to the courses changing from arduous drudgery to a pleasant learning experience. Many thanks Gents. I am also indebted to Graham for taking on the thankless job of bringing SLSS accreditation administration into some classification of order. His labours have formalised some very messy records into a

current database and he deserves our thanks. The BOSS also acknowledge Grahams efforts to provide the Pool competitions of this Branch with competition and ways to improve their techniques. Clubs need to recognise the importance of Pool Competition and provide Graham with more support.

To conclude, my stint on the Board has been most enjoyable despite the odd hiccup. I deeply appreciate the support I have received not only from those within the organisation but also from my family.

The Board's aim has always been the pursuit of elite status for our Branch within Surf Life Saving circles. This can only be maintained by commitment and hard work. I hope you will all continued in this pursuit.

Wishing you all much success in your future endeavours.

See you on the Beach

TEAM MANAGERS REPORT

NSW INTERBRANCH CHAMPIONSHIPS – CROWDY HEAD 2006

There were 47 competitors from Under 12 to Open in the Interbranch Team for 2006. These competitors were selected from the 15 clubs that make up Sydney Branch. Of these competitors five were chosen to represent New South Wales – Chris Allum, Luke Cole, Kyle O'Brien, Tyler Harding and Gemma De Sousa, also chosen for the New South Wales team were Nathan Smith and Elly Graf.

The competition this year was held at Crowdy Head on the 9th and 10th December 2006. As usual we headed off from North Cronulla on Friday morning and arrived at our motel in the early afternoon. After settling into their rooms and being issued with their uniforms the competitors set off with their coaches Doug Iredale and Daniel Neilson for a light training session.

After a successful day of competition on Saturday we returned to the motel for dinner. Following dinner the team adjourned outside for the inaugural - *INTERBRANCH TEAM AWARDS* hosted by our captains Nicki Jones and Chris Allum, the awards were a great success, involving all team members. Some of the recipients of the awards were Zane Campbell, Tyler Harding, Siobhan Dibley and even Colleen Evans and Robyn Allen (chaperones) were recognised for their contributions to the team.

On Sunday we were at the beach early and ready to take on the other Branches. There were great results in the water and on the beach. There were placings in the individual events and the teams performed well also. The final event of the carnival was the Lifesaver Relay which is always

exciting - our team ended up coming in second.

At the conclusion of the day we gathered to hear which of our team members were selected in the New South Wales side and to hear the final point score, after a tough weekend of competition we were placed third.

On behalf of the Team Management I would like to congratulate every member on their performance and behaviour. Our hosts at the motel also commented on the behaviour of our members, saying they were very well behaved and polite (parents you should be very proud of your children). The competitors looked great decked out in their uniforms – thanks to our sponsors Energy Australia and Sydney Airport Corporation.

Thank you to Pam Vallis, who towed the trailer with all the gear, and to our coaches Doug Iredale and Daniel Neilson. Also thank you to our chaperones Graham and Colleen Evans, Pam Vallis and Robyn Allen who not only officiated all weekend but also acted as a chaperone. Congratulations to all members of the team.

You are all great competitors and it was a pleasure being part of the team.

Sydney Branch Youth on Patrol

BOARD OF YOUTH DEVELOPMENT

I am very pleased to announce that we have had a very successful 2006-2007 season with an overall growth in our youth numbers by 10%. This is made up of youth retention as well as new youth joining Clubs.

The season began with a start of season BBQ held at Bronte Park. The BBQ was well attended and launched the new season's activities. It gave an opportunity for clubs to familiarise themselves with the season's activities as well as members making new friends in a relaxed and social atmosphere.

The first activity of the season was the trip to Penrith for whitewater rafting. The activity was designed to create an opportunity for clubs to reward members for exceptional work. The activity was very well supported with most clubs sending members. Youth from various clubs interacted, learned leadership skills and enjoyed the social atmosphere. A youth forum was held which discussed various youth related issues and the results were passed on to management to discuss and implement initiatives to improve youth relations and support.

Many clubs have youth members who enjoy board riding activities and competition. These members are valuable assets to clubs however there is not much to support their activities. SLSS held the surf sports youth activity at Maroubra in an effort to give these members a chance to participate in sports which they enjoy and feel passionate about competing. The activity was supported with most clubs sending competitors aged under 13yrs to under 23yrs. Youth competed ferociously for some high quality prizes supplied by Quiksilver. This event will encourage youth who surfboard ride to remain members of surf clubs and also become members of surf clubs and patrol who previously would not. Bronte SLSC was the overall pointscore winner and recipient of the perpetual shield.

The touch football competition is always a well supported activity. The competition is a great way to encourage and build club spirit. Members of clubs fought through several games to qualify for the semi-finals and the grand final. The winner of the shield for the

3rd consecutive year since its inception was Coogee SLSC.

In an effort to improve patrol techniques/skills and introduce youth to beach conditions that they normally don't see at their own beaches and to assist a club requiring assistance youth participated in a trip to Sussex Inlet. They patrolled for 3 days dealing with general beach safety, rescues, first aids, preventative actions, suspected spinals and broken arms. They had the opportunity to learn about beach set-up using tractors, beach surveillance with a quad bike. They learned valuable leadership skills. All of this was in a pro-youth environment.

Not all members of surf life saving clubs are competitors and not all members enjoy competing. Some members enjoy the awards side of surf life saving and enjoy increasing their qualifications. They obtain further awards such as ARC, senior first aid, silver medallions up to gold medallions. These qualified members are valuable to patrols and also to clubs as they train new members in gaining awards. In an effort to encourage these members and in particular youth involved in education, an award was designed that gave points for obtaining awards, assisting instruction of awards or instructing awards during the season. To make the competition more youth orientated the prize is an extreme shark dive at Manly Ocean World. The winner has the opportunity to swim with live sharks and various marine animals in a safe and fun environment. Congratulations to Ben Waller of Coogee SLSC who was the winner of this award.

The 2006-2007 season saw the first Duke of Edinburgh award recipients get their bronze award. The DOE award was introduced to SLSS Clubs in an effort to give youth awards that may be used for employment and personal development through surf life saving participation.

Whilst visiting Clubs on Patrol during the season, one of the most impressive features I noticed was the high number of youth. Youth were a significant part of patrols taking on positions such as Patrol Captain, Vice Captain, IRB driver and crew, ARC and senior first aid.

I would like to congratulate them all on an outstanding job.

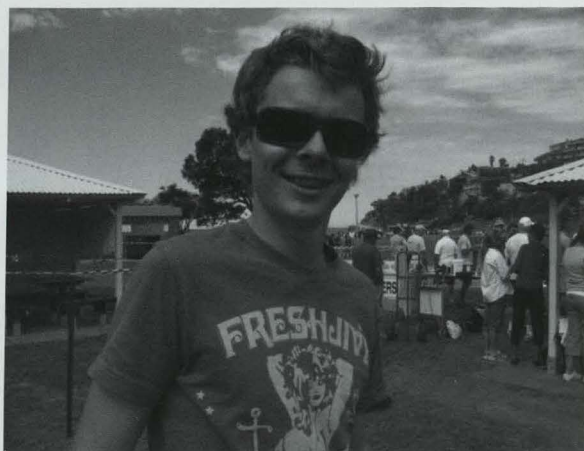

I would like to thank all members from Clubs attending and supporting our activities during the season and in particular I would like to acknowledge the support from SLSS Executive and staff: Linda and Yvette, SLSS NSW, Club youth contacts : Pat Garcia and Doug Hawkins of Coogee SLSC, Ben Sutherland Bondi SBLSC, Bruce Hilleard and Frank Schreuder of North Cronulla SLSC, Chris Fox Wanda SLSC, Chris Locke of South Maroubra SLSC, Tim Murray Maroubra SLSC, Colleen O'Neill and Nick Seale of Bronte SLSC, Mike Vitnell and Yvette Graf of Cronulla SLSC, Adam Pantle of North Bondi SLSC, David Kowald of Elouera SLSC and Brad Crompton of Easts Rugby Union Football Club who all made a significant contribution towards the success we enjoyed.

In conclusion, SLSS youth development aims of youth recruitment, retention and improvement, through activities and initiatives that are fun, educational and supportive, proved to work exceptionally well with a significant 10% growth during the season. I look forward to seeing further development in the upcoming season.

BOARD OF JUNIOR DEVELOPMENT

The season of 2006/07 saw further growth in Membership numbers throughout the Branch, yet again. This has been increasing for a number of years at 10% per year. With growth like this, one can only assume that clubs are running quality programs for the children too not only retain, but increase there overall membership numbers. At present registered members stand at 5501.

Our development camps again proved to be as popular as always. The camp for the under 13's is in its' 18th year now and is going from strength to strength. With the under 11's camp in its' 2nd year, any early reservations about a camp for this age has been proved to be trivial. The combination of both camps service's over 200 children who the clubs recognise as their future lifesavers and the quality of children attending these camps see's surf lifesaving in goods hands in years to come.

The support for the camps from support operation services and other prominent lifesavers in the branch is appreciated by all who operate and attend the camp. To the off-shore 2 boat, Jet Ski and IRB drivers, as well as the many lifesavers from different clubs who give up their time to impart their lifesaving experience, thank you. The Positive feedback we receive from this camp will see this camp continue for many years to come.

It was unfortunate that blue bottles cause a premature halt to the Branch Championships, but that's the conditions we work in and the safety of the children will always be a priority. Not withstanding the water events be called off early, it was good to see the attendance and participation at the carnival still drawing on a figure of around 2000 children.

Congratulations to Cronulla on taking out their 10th NSW pointscore title in a row, an effort that will stand for sometime I'm sure. There was six (6) clubs in total from Sydney Branch to place in the top 20 clubs at the NSW Age Championships

As we head towards the 2007/08 season much planning is under way to expand the development opportunities for the children in Sydney Branch. To highlight a few items that are currently on the table.

- Expand content of development camp's
- Formal lifesaving awards training
- Emerging Athlete Program
- Development of Coaches

I would like to thank the executive of the Junior Development for the constant hard work. Margaret Sears again work tirelessly as secretary/treasurer. Mike Vitnell was a major asset in joining the team as Dep President the past season and we look forward to input for many years to come. Michael Roye step into the role as competition development officer through the season with a performance that will see him as valuable member for some time.

I would like to particularly thank and congratulate Doug Hawkins on his role as Lifesaving development officer and also being the Sydney Surf Lifesaving Volunteer of The Year. His work sees the development camps go from strength to strength each year, and the Volunteer of the year award is deserved for all the hard work put in for his club and Branch work.

I would like to express on behalf of the clubs in Sydney branch, gratitude towards Sydney Airports Corporation for their continued support shown for the development of the juniors. Their support is in its' 7th year now and we look forward to a continuous and harmonious relationship.

With the executive having been reinstated for the 2007/08 season, I look forward to reporting on another successful season next year.

Tim Murray
DIRECTOR OF JUNIOR DEVELOPMENT

Angie Smith
Branch Female Lifesaver of the Year
Nathan Roye
Branch Male Lifesaver of the Year

BJD SECRETARY/TREASURER

Another season has come and gone and the Board of Junior Development has had another busy and productive season thanks to all our nipper members and the parents and helpers from all Clubs.

Sydney Airport Corporation was once again our major sponsor, thank you to Russell Balding and Karen Harrigan for your generous support over the season. The funds donated by Sydney Airport help fund our Development Camps, Age Championships and our Interbranch Team. This season we purchased a new shade tent to be used in the Presentation areas at our Carnivals – it looked fantastic at our Age Championships at South Maroubra and our officials were easily identified with their shirts which we were again able to purchase thanks to the support from Sydney Airport Corporation. This carnival is always a big day and programming

of events is always a challenge with the number of competitors we have in our Branch. Officials are always needed at this carnival and we are trying to get enough officials to run as many areas as possible, so start recruiting on registration days.

The Under 13 and Under 11 Development Camps were held in December and February at Deer Park, these camps get better and better each year. It is great to receive the letters of thanks and encouragement from those that attend and parents of nippers that are lucky enough to be able to attend. Many hours are put in to organise these camps and Doug Hawkins once again deserves a big thank you for all the work he puts in to prepare and run them.

Angie Smith from Elouera and Nathan Roye from Cronulla were chosen as our representatives for Lifesaver of the Year. Congratulations and thank you to Angie and Nathan for being our representatives and I would also like to congratulate all those nippers chosen to represent their clubs, it is always a hard decision to choose our representatives.

The Sydney Interbranch Team travelled to Crowdy Head this season in December and performed very well coming home with bronze. Kyle O'Brien was the veteran in the junior component of the team – congratulations Kyle on your 4 Year Service award. We only had one selection trial this season which made selection more difficult, thank you to the selectors and competitors that attended.

From all accounts the District Carnivals held throughout the season were well attended. The Board of Junior Development supported the host clubs of these carnivals either financially or by donating equipment such as boards.

We had a few new faces at our meetings this season, thank you to the delegates for attending and your input is always welcome. We had a new Deputy Chairman this season – Mike Vitnell and Michael Roye was appointed to the position of Competition Co-ordinator. We are hoping to run a camp for our more competitive nippers next season and the two Mikes are involved in getting this up and running.

I would like to thank all those volunteers who help every week in the running of nippers at all the Clubs that make up Sydney Branch. Without the water safety crews we would not be able to conduct Sunday activities and your children do appreciate your support and help. And to all those people that you don't see on the beach, but are working behind the scenes – thank you.

Enjoy the short break we have and good luck in your winter sports, thank you for a great 2006-2007 season. See you on the beach.

Margaret Sears
SECRETARY/TREASURER BJD

BJD U11 & U13 DEVELOPMENT CAMPS

Following on from the success of the inaugural under 11's Dev Camp from last season this season saw both Under 11's and Under13's held at Port Hacking over two weekends in December and February. Over 180 junior lifesavers attended the camps supported by 40 parents and 1 busy director.

These camps are dedicated to bringing junior lifesavers together in a setting of team work, leadership and development, with lots of fun thrown in to keep them occupied/

At each of the camps a focus is now placed on learning basic CPR skills and tube rescue skills as part of the weekend. This has been met with great enthusiasm by each of the age groups.

It has been especially encouraging to the parent/ minders who have been impressed to see many of these kids deliver a very strong interest in the lifesaving activities, supported by their teamwork and leadership skills. At each of the camp we were very well, and very gratefully, supported by Sydney Surf Lifesaving

in the provision of craft and personnel. The arrival of Offshore 2 and the Jet skis were a great experience for the kids... and the parents, and we very much enjoyed the presentations by the offshore crew - who had to leave quickly as an emergency call came through.

The response from the camps has been that many of the kids are now encouraged by the camp, and what they have learnt to go through and wear the red and yellow on the beach and understand the role of community service. We even had 1 parent so encouraged he went and did his Bronze in his second year at nippers.

These camps continue to deliver to SLS Sydney a fantastic development opportunity for our junior lifesavers, and many of the parents who are attending are also seeing many aspects of SLS for the first time.

Much thanks needs to be given to the parents/minders for their assistance on the weekend and their commitment to the kids, especially those whose kids aren't there.

This season past we were very privileged to have a wide range of speakers and instructors at the camp. These people included Roz George from Bate Bay, Pat Garcia and Emma Lovell from Coogee, Mick Bretherton, Tim Murray and Stephen Leahy from SLS Sydney. To Julie Barber our new registrar many thanks for all your assistance and time saving effort - very much appreciated.

On behalf of Sydney Branch we look forward to delivering and developing these camps to further encourage and develop our junior lifesavers.

PHOTOS FROM THE SYDNEY BRANCH AGE CHAMPIONSHIPS 2007

BONDI SURF BATHERS LIFE SAVING CLUB

Just before 8pm on the 21st February 1907 a small group of men met at the Royal Hotel Bondi Beach to discuss strategies on how to deal with the recent spate of drownings on eastern suburbs beaches. It was out of this meeting that our great club was born. That meeting also lit the spark to ignite the modern Australian surf lifesaving movement.

Now 100 years later and on behalf of all Bondi SBLSC members over the years I am honoured to detail our successful centenary season in this the Year of the Surf Lifesaver. True to our motto of "Vigilance and Service" and with 100 years of invaluable experience behind us I am once again proud to report "No Lives Lost" whilst Bondi members were carrying out patrol duties.

Our core activity of surf life saving was conducted as always in the most professional manner. Thank you to our patrol teams who ensured our beach remained safe each weekend. With over 300 rescues, 1000 first aids and 6000 preventative actions it was again another busy season. A pleasing aspect was that compared to last year the figures were lower which means our vigilance is certainly paying dividends. Education at Bondi continues to be a tower of strength led by a dedicated group of tireless instructors coping with many changes and trying conditions associated with the renovation of the club and relocation of all our gear and members. With Bondi completing over 250 awards and a growing interest from the membership to complete more specialist awards, we are now well placed to meet the ever-increasing education and statutory requirements placed on our members and organization. Overall a fantastic year for education at Bondi under difficult conditions, which has seen our awards, increase each season now for five years. Our lifesaving statistics for the 2006-2007 season show we completed 9,570 hours of patrol, recorded 339 rescues (including 135 board & 75 IRB), 6,457 preventative actions,

1,018 First aid (including 4 spinals, 7 fractures & 8 ambulances) with a 10% no show factor and 12% of total hours being voluntary.

Bondi lifesavers took top places at the Surf Life Saving Sydney Lifesaving Championships with Victoria Farrar & Sarah Cameron placing 1st & 2nd in Open Women's Champion Lifesaver. The club also had top five placings in the Open First Aid and Open Men's Champion Lifesaver, which are pleasing considering we have not competed in these events previously. Bondi members were also prominent at SurfCom and active on many Surf Life Saving Sydney sub-committees. Well done to all lifesavers and thanks for upholding the finest traditions of this great club founded 100 years ago.

Bondi competed in all major surf lifesaving carnivals and medalled at the Branch, NSW and Australian Championships. At the Australian Surf Life Saving Championships in Scarborough Western Australia, Bondi won two gold medals, (Open Women's 5 Person R&R defending their title from last season and Lea Hill in the 50yrs and Over Women's Tube who was also a gold medallist from last season) two silver medals, and seven bronze medals and were represented in many finals - an outstanding effort by all competitors. The club was placed 18th overall at the Australian Surf Life Saving Masters Championships and 51st at the Open Championships. Strong results also from the NSW Championships where we placed 9th overall in the Masters and 26th in the Open Championships bringing home a total of 17 medals (3 gold, 9 silver and 5 bronze). Bondi also competed at the Surf Life Saving Sydney Pool Championships, which was the first time the club had entered the event.

The Bondi JAC had another successful season and they are experiencing their highest numbers now for many years, which are, encouraging signs not only for Bondi, but also for the movement in general. Having moved into new rooms as a result of the renovation we are looking forward to a bumper season from them next year.

Thank you to all our sponsors, supporters, donors and friends for contributing in many ways, to ensure the viability and success of the club. Thank you in particular to those that

made specific contributions to the building/renovation and centenary projects. As a result of your generosity we now have premises that we can truly be proud of and wonderful memories of our centenary. Your support is immeasurable but please know that it is sincerely welcomed and appreciated.

The club celebrated our centenary with an entire week of activities to commemorate our 100 years. The Bondi Centenary Carnival commenced the activities and was well attended by many clubs. Again it was extremely gratifying to hold a carnival on our beach and even more so in the Centenary year and we must thank Surf Life Saving Sydney officials for their support and guidance. Events for our committee, life members and VIP's were also held in the new clubhouse. On Tuesday 21st February 2007 under clear blue skies and calm waters, and exactly 100 years to the day the club was formed, the new clubhouse was opened and the clubs centenary book, 'The Bondi Lifesaver. A History of An Australian Icon' was officially launched by our 'Black Sunday' Veterans after being brought from the sea in a procession showcasing 100 years of surf lifesaving icons. With MC Mark Ferguson from Channel 9 directing proceedings members' guests, VIPs and media heard speeches from SLSA CEO Brett Williamson OAM, Bondi President Scott Laney and Centenary Book Author Dr Sean Brawley outlining the importance of the day and paying homage to the last 100 years of success. That night at the very place the club was formed, The Royal Hotel Bondi Beach, a re-enactment of that very first meeting was held. Members dressed in period costume sourced from the ABC Costume Department and armed with a script from Dr Sean Brawley gave a fascinating performance of our origins. Other functions included an 'Evening with the Author' where Dr Brawley outlined his surf lifesaving research across 8 years and a special Veterans and Australian Champions Lunch where these two special groups were feted in the new clubhouse. The week of celebrations concluded with a gala black tie ball at the Australian Jockey Club. Attended by 500 members, guests and VIP's including SLSA President Ron Rankin AM a great night was had by all. A highlight was the special presentation of SLSA's first gold plaque to the club to honour its foundation status. The week's celebrations were extensively covered

by national and international radio, television, print and online media including luminaries Channel 9, ABC, BBC and 2GB. The club has hosted and taken part in many Year of the Surf Lifesaver functions including the ABC Radio 'Simon Marnie Live' Show, Westpac & SLSA 100 Years Launch, The Channel 9 Today Show, 2007 ASIC Conference, Sydney Roosters 100 Year Celebrations, Surf Life Saving NSW Awards of Excellence and later on this year the Official Closing Ceremony of the Year of the Surf Lifesaver and Gala Fundraising Ball.

As previously mentioned the clubs massive renovation project is now complete with the building being officially opened by Mayor of Waverley George Newhouse on the 21st February 2007 in front of many members, guest and VIPs. Thank you to all members, families and friends who contributed to the building program and in particular Waverley Council and the NSW State Government for their financial assistance. We now have an amazing facility that we can deliver only the very best of services from and we look forward to many fine years in our new club!

Well done to all Sydney Branch Clubs and in particular the Waverley District on another successful season and we look forward to another year of close co-operation and friendship. To the Branch Council, thank you for your leadership, direction and support throughout this busy season. As the Year of the Surf Lifesaver comes to a close all clubs can be justifiably proud of the huge contribution they have made to not only Australian beach culture and the development of world leading surf rescue techniques but to the overall Australian way of life.

Scott Laney
PRESIDENT

BONDJ JAC

The Bondi JAC remains a fun and family orientated club with a competitive streak.

The season kicked off with 215 registrations, a number consistent with the last couple of seasons, and a number that is manageable. We did have to limit a few age groups to a maximum of 30 nippers again this season. We were in a position to have had more numbers in the club but in order to be able to give the children the best of some hands on instruction and encouragement (where needed) we maintained our position on the limit of 30 children per age group with the exception of the U/6's and U/7's where the activities do not extend to deep water. Interestingly we were still receiving registration enquiries as late in the season as early February.

The season also kicked off without the comforts and benefits of a clubhouse in which to base our activities. Major renovations to the Club were well underway as we started the season and even at the time of writing this report, with the renovations all but complete, the JAC is still yet to gain access to the new and most thankfully larger nipper office. Basically the JAC's activities have been run from the boot of a car, and piles of plastic bags, for the whole season. I must thank my better half (Melinda) here for putting up with having the piles of nipper gear that used to occupy the nipper office being kept in our garage, spare room and hallway for the last 12 months. Thankfully the end of this arrangement is in sight. With the dedicated assistance of "the first to arrive and last to leave team" the club has managed to keep all the activities rolling along and the weekly BBQs running. What we have ended up with after the renovations is a clubhouse with facilities second to none, something well worth waiting for.

Without a clubhouse to operate from the training of the U/14's in the Surf Rescue Certificate (SRC), and the U/13's in the Resuscitation Certificate have had its issues. Many thanks must go to Amanda Zebik (our Treasurer and Education Officer) for opening up her home to groups of up to fifteen teenagers at a time on Wednesday nights for the training sessions. The results of the education side of our activities this season

produced 137 SurfEd Awards (U/8's – U/13's), 13 Surf Rescue Certificates (all of the U/14's), 20 CPR Certificates (U/13's), and 36 BJAC Signals Certificates. A good total for a small club. The club owes the following instructors a debt of gratitude, Mrs. Terry Young (SRC's), Mr. Mark Garrabedian (SRC's), Mr. Peter Quartly and Mr. Peter Murphy (Resuscitations).

We have had a rough run of weather and surf conditions to contend with this season. We had three Sundays of events cancelled due to heavy rain and winds. There were two other Sundays when the surf conditions that presented made water events unsafe, and they were never attempted. We also had three Sundays when the dreaded bluebottles decided to drift in and spoil the morning. Even with this run of bad luck, with the good days remaining, our nippers got stuck into their events and really extended their abilities. One such morning was when the U/9's had a swim to the buoys put to them. There were some concerned looks from a few parents, and the odd gasp and gulp. However, to the amazement of some of the parents, all the U/9's not only reached the buoys but also returned to the shoreline safely. The U/9's may not have been sure of what they could achieve, certainly some their parents were not, but this event (as will the ones that will follow in future years) certainly added to the confidence and surf competence of the U/9's. We need to place our nippers in a position where they will learn, and extend themselves out of their comfort zones. It is the management of this risk that our water safety team is more than well equipped and experienced to deal with.

Board training on Sunday mornings before regular events has really taken off this season. Much of the credit for this goes to Mr. Doug Kirk. There have been many mornings where many nippers have taken up the opportunity for an early paddle and to extend the board skills they have. The midweek board training sessions, conducted by members of the senior club, whilst smaller in numbers - but the attendees certainly no less committed, has really borne fruit. Thank you to senior club members Ben, Louise and Rob for taking the mid week sessions. The result of all these board-training sessions has been a substantial

improvement in board skills, across a wide range of age groups.

This season the Bondi Surf Bather's Lifesaving Club celebrated it's one-hundredth year, and even more importantly was officially recognized by Surf Life Saving Australia as being the oldest existing life saving club. The Bondi Nippers were invited to play roles in some of the Senior Club's Centenary celebrations, and events related to the Year of the Surf Life Saver. Some of these events included, the Today Show's coverage of SLISA's 100 Years of the Surf Life Saver on Bondi Beach, the SLISA Centenary Book Launch, the Bondi Life Saver Book Launch, the Bondi Centenary Carnival, and the Bondi Surf Club's Centenary Ball. It was great to see the Junior Activities section of the club being included in these celebrations.

On the competition side of our activities we again competed at District, Branch and State levels this season. The Waverley Shield was well attended by Bondi competitors, and we shaped up well against our neighboring giants (Bronte and North Bondi). The highlights of the day being Timothy Vrachnas winning the U/13's Boys Sprint (and quite comfortably), Elizabeth James winning the U/11's Girls Swim and Phillip Waters winning the U/8's Wade. Our trip to South Maroubra for the Sydney Branch Age Championships presented some testing surf conditions, and some uninvited visitors – those dreaded bluebottles. Our IRB driver Gwyn Owen can attest to this with over twenty-five IRB pick-ups in the U/9-U/10's water area before the dreaded blueys stopped water events early in the afternoon. Congratulations to all who competed, especially those who braved the conditions of the water events (blueys and all), on the day. The highlight of the day was our boy Captain Scott Stein being awarded runner-up in the Sydney Branch Male Junior Life Saver of the Year. At State level we had a small team of 11 nippers compete at Cronulla. Hopefully we can expand on these State numbers again next season. We also had 14 nippers compete in the Australia Day Nipper Board Challenge on Sydney Harbor, a two-kilometer paddle starting from the Opera House, going under the Harbor Bridge, and on to Blues Point. Congratulations to all who competed for the club this season. It's the getting in and having

a go that is of the most importance - and well noticed.

No report would be complete without reference to the graduating group, the U/14's. The Lime caps (U/14's) have taken to their activities with great enthusiasm this season. Their progression on to the big boards (the Malibu's) and the Surf Rescue Certificate has really set them challenges, and pushed them to achieve. Their efforts and commitment in attaining their SRC and mastering the really big rescue boards used by the lifesavers is a credit to them. Those rescue boards are big and heavy and relative to the size of some of the candidates are handfuls to manage, especially in some surf. What some of the candidates may have seemed to lack in physical size and sinew was more than compensated for with their guile, determination, and a healthy component of good old-fashioned intestinal fortitude. They have indeed come a long way from the days of running away from the waves in the wade races as new U/6's. This is surely the essence of what nippers is all about, learning and practicing skills, developing confidence and overcoming the natural fear and anxiety of the surf and deep water. We wish all the U/14's good luck for the future and hope that many of them will want to stay on at Bondi as Cadets and progress to attain their Bronze Medallions. They have had several age managers over the years but I will mention three here, and thank, Mr. Mark Garrabedian, Mr. Peter Henne and Mr. Geoff Stein, for the time they have spent in supporting this group over the years. It has proven to have been time very well spent.

The Bondi JAC would like to acknowledge, and thank, all the members of the Sydney Branch Board of Junior Development for all the time and effort they have put into creating and managing yet another successful season for all the children within the Sydney Branch. Thank you especially for the huge effort that goes into organizing and running what is the highlight of the year for many of the children, the Junior Development Camps.

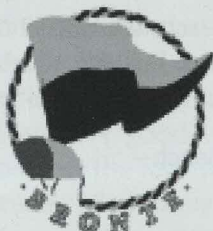

Finally thanks to all the parents and friends (they know who they are) at Bondi who put the effort in each Sunday (from September to April) to keep the Bondi Nippers moving forward. The number of these people appears

to be growing each season, and that augurs well for the future. It is the substance of these people that is our club's greatest asset.

See you on the beach -

TIM SMITH

BRONTE SLSC

With the management restructure in place all sections of our club are working well together and we continue to maintain our strategic objectives:

- ensure the financial viability of the Club is maintained and develop new business opportunities within the Club's operation
- maintain our high standard of lifesaving and patrols through ongoing training
- continue to foster our youth development program
- continue our successful mentor system which has young members taking on management roles in both Patrols and Education
- encourage and attract Youth Parent members to become actively involved in the senior club
- promote member participation in competition at all levels from Nippers and Cadets through to Masters, with the emphasis on team activities, supported by professional coaching programs

Our core business is patrolling Bronte Beach and we had an outstanding season.

Most importantly we are proud to report that during the season "no lives were lost while patrols were on duty"

Under the leadership of the new manager of Lifesaving, David Fleeting, the Club delivered first class surf life saving services. We managed our patrols and club responsibilities with distinction. Well done to our Patrol Captains, patrolling members and water safety members. We also thank our IRB team of David Jones, Jeff Lydon, Katie Reed, Cameron Miles and David Stone for their efforts during the season. Congratulations go our Manager of Education Callum Metcalfe and his team of instructors for the enormous amount of time they have committed to delivery of education, proficiency and examination.

Our sixth Bondi to Bronte Ocean Swim was a huge success and has established the event as one of the premier swims on the ocean swim calendar, with the emphasis on community participation.

We would like to thank Banana Boat for their continued support of the event and also Waverley Council. A combination of our event water safety, our own and sister club IRB's, SLSS Jet Ski and particularly our Waverley Lifeguards all put in a huge effort to ensure the safety of our competitors. Thank you to Race Director Stephen Ford and Brie Green who gave of their valuable time and all who assisted.

We also conducted our first Junior Ocean swim, which received the support of Westfield Bondi Junction and Athletes Foot, and was highly successful for the first event. The Club's event organiser was Stephen Ford who also organised the first craft event for the Club, the East Coast Ocean Challenge.

The Club is committed to continuing these events as they provide income, healthy competition and valuable community capital. Bronte achieved some outstanding results in competition at Local, Branch, State & Australian Championships. Special mention goes to our R&R section headed up by Bob Woodger, with the U15 ladies team coached by Col McDermid, winning a gold medal at State and making the Aussie final. Our U19 R&R team coached by Simeone Smith won a Bronze Medal at State and Aussies and were outstanding all season.

The Open Ladies R&R Team who have been competing together for ten years under the watchful eye of Bob Woodger and Lyn Bourke made the Aussies Final, in their last competition, which was no mean feat, narrowly missing the Bronze Medal. Congratulations to all the members and coaches of our R&R section, and a big thank you to Bob Woodger, who after many years of managing the R&R section will now step back and take a mentor role.

Our Surf Team also performed extremely well and individually and together won individual and team competition throughout the season, which culminated in the open surf team taking the Bronze medal at the Aussies. A big thanks to Mal Allen for his coaching, guidance and

performances throughout the season which saw him take a couple of State Gold an Aussie Silver and Bronze medals.

There were may other highlights in competition throughout the season at all levels from Nippers through to Masters and the Club is committed to continue the coaching programs that it has in place.

Our Nippers had a fabulous season and are going well in every facet of their activities. Under the management of Youth Manager Lindsey Cotterill the Nippers excelled. Lindsey and his team introduced new initiatives to the operations of the Nippers, which proved to be hugely successful. The Club decided to cap the membership at 600 because of risk management issues and closed the books well before Xmas.

The Nippers achieved great competitive results and loads of parents assisted Lindsey to implement the Club's new program. The transition of nippers to the senior club continues to be our number one priority and we all need to encourage the development of youth. Congratulations go to Youth Manager Lindsey Cotterill and his management team on their successful season.

We are very grateful and thank our sponsors of Bronte Surf Club, particularly Aaron Collins from Banana Boat, which through their generous financial support allows us to provide essential lifesaving and competition equipment.

We undertook a program of renovations to the Club, a new roof membrane, replacement of doors and windows in the Club's Hall and other essential works which we received funding from the NSW Sport and Recreation, supported by Surf Lifesaving NSW. We are very grateful for their financial support.

It was appropriate in the year of the lifesaver that we published and released our History Book The Birthplace of Surf Lifesaving, an amazing record of our great Club's history expertly written by Stan Vesper.

There are many people to thank for the Club's successful season, who will be recognised, in the Club's Annual Report and presentation, but a special mention goes to our Club Registrar and Administrator Kerrie Visch.

Without Kerrie's unbelievable commitment the smooth transition of the management restructure could not have occurred. All at Bronte thank Kerrie and all of the management team and advisers who contributed in a positive way to make our 2006/2007 season an outstanding success.

Graham Ford
PRESIDENT

BRONTE JAC

Bronte Juniors had a varied and, as always, successful season in all aspects of surf lifesaving.

A record number of children signed up and the support network of parents, family and friends made every activity a winner. Sincere thanks to all involved and congratulations to the kids for being so enthusiastic.

The most important age group to set the platform for ongoing success is the Under 6s and as always "Colossal" McDermid and "Martyr" Palfrey gave the new nippers and parents a grounding that other clubs could only be envious of. I hope everyone realises

just how lucky we are for these two guys ongoing commitment that is based purely on a love of our kids and their perceived relevance of what surf clubs represent.

To the age managers, coaches and club committee you are the engine room and the kids provide the fuel to keep our huge club running. Again, sincere thanks and hopefully all and sundry will back up next year.

Bronte awards were implemented this season for the first time with the view of kids being acknowledged for commitment rather than just signing up at the beginning of the season. Well done to every child who received one and to all other prize winners.

The New Zealand National Titles Tour was the trip of a lifetime for those who went and many outstanding results were achieved. Congratulations to all on your behaviour and your newly acquired Maori nose rubbing ability.

The inaugural Westfield Bronte Junior Ocean swim was a great success but as many junior competitors were away on holidays, it has been rostered to a more convenient time for next season.

As a final thought, society throws up many hurdles for our kids. The surf club movement and the ethos attached makes their chances of getting over these barriers much brighter and the local community they represent a better place.

Lindsay Cotterill
YOUTH PROGRAMS MANAGER

BURNING PALMS SLSC

This year at Burning Palms we had a very strong season and once again proud to say that no lives were lost while patrols were on duty. There was a reshuffle in the committee that gave the club a shot of enthusiasm, which produced great results both on and off the beach. I would like to congratulate all members of Burning Palms for the outstanding season that we had.

MEMBERSHIP

Membership at the Palms remained steady compared to past seasons with 35 dedicated active members patrolling our beach and at

times in unfavourable surf and weather conditions. It reassures the general public who walk through the Royal National Park that they can swim safely at such an isolated beach. As usual we had a Bronze squad training and once they gained their qualification were more than eager to don the red and yellow uniform and start patrolling. Once again we had assistance from North Bondi on a few occasions to boost patrols and we thank them for their support. We have some new and different strategies in place to try and attract new members to our club next season, which we hope comes to fruition, as gaining members is not an easy task.

LIFESAVING

Season 2005-2006 Burning Palms managed to gain 13 awards. This year the committee decided that this could dramatically be improved so we held two intensive training weekends down the Palms. This turned out to be a huge success and combining this with other training days held throughout the season we managed to gain a massive 92 awards. A great result for a small club like ours. Thank you to all the trainers involved. Michael Bretherton, Scott Rofe, and Michael Hodsdon from the board of lifesaving and our own chief training officer Peter Wright-Smith and of course thank you to all our members who participated and achieved all these awards, we hope the same level of performance can be applied next season.

COMPETITION

Last summer we had the mighty colours of the brown and green flying high on the beach. For the first time we had a new under 19yrs boat crew hitting the waves and were getting stronger with every race they competed in, and with another two years at junior level, Burning Palms will be one of the crews to catch. We also have a ladies crew in training and cannot wait for the competition to begin. Our march past team had a stellar season and achieved something amazing that no other team or individual has done in the 68 years of Burning Palms history. They brought home a medal from the Australian Titles, winning silver, you beauty, a fantastic effort by the whole team and they are still celebrating as this is being read with the story getting bigger and better. The surf must be four meters and rising by now while being 40 degrees plus on

the sand and promising to go one better next year, bring it on.

Burning Palms hosted the three way nipper carnival with some fantastic performances by all three clubs involved and I am sure that if some of these nippers continued on in surf lifesaving, there will be some real champions coming out of the Royal National Park district. We only had a small number of nipper competitors on the day but it sure was quality with every one of them winning a medal of some colour in their age division. Congratulations to all our senior members who got involved, it made the day a real success and a special thankyou to captain coach of our nippers Steve Bear who organised and co-ordinated the whole day.

SPONSORSHIP AND GRANTS

With Burning Palms being such an isolated and unique club within the Sydney branch, attracting sponsorship can be difficult. But the ones we do have we are very grateful to have them on board. Thank you to the Mortdale Hotel, The St George Masonic Club who have both been our sponsors for quite a number of years. Bresnahans fine meat at Mortdale, N.R.M.A for the purchase of fire fighting equipment. The St George Sailing Club, Daltone House, The Thomas Group of hotels, and of course DHL for their continuing support on the beach. Again we thank our sponsors who have helped make Burning Palms a very solid club financially and we hope they continue to support us in the years to come for without their backing Burning Palms will struggle to survive.

With this being my first year as President it has been a very rewarding year representing Burning Palms especially this being the year of the surf lifesaver. On behalf the committee and members of Burning Palms I would like to thank Surf Life Sydney for their support in the past season. To all the other clubs within the Branch congratulations on a successful season and hope you are looking forward to season 2007-2008. Good luck.

Wayne Vaughan
PRESIDENT

BURNING PALMS NIPPERS

Being relatively new in Nippers and not having a large community to obtain Junior Members from, we held events every second Sunday with 6 to 10 juniors participating in a wide range of events.

The highlight of the year was the District Junior Carnival being held at Burning Palms and what a most successful and enjoyable day was had by all. Some 70 juniors from the Garie, Era and Burning Palms competed on the day.

Thanks to the club members who assisted during the year and our appreciation to Surf Life Saving Sydney Juniors for financial assistance towards the District Carnival.

To our Junior Competitors and Parents thanks for coming down the hill to have a bit of Sunday fun.

Peter M Pearce
HONORARY SECRETARY

CLOVELLY SLSC

For our 101st season, the club is once again proud to report no lives lost during patrol hours at Clovelly Bay and surrounds. Thank you to all patrolling members, Patrol Captains, the whole Lifesaving Committee and Club Captain Susie Peterson and Vice Captain Jo Cooper. The 100% Patrol Register this year is a tribute to the commitment of our members. This dedication is highlighted by the fact that of our 28 office bearers, the 20 who are active patrollers all gained 100%. The other 8 office bearers are active reserve or long service members.

On a more personal note, after seven challenging, yet rewarding years in the role, I will be standing down as President at the AGM. I wish to thank all members for granting me the privilege of holding this position for this length of tenure. Further, the achievements of the club over this period would not have been possible without the commitment and support of all the office bearers who I have had the pleasure of learning from and working with. As the leader of a team of, at times, revolving office bearers, I feel an immense sense of personal satisfaction in the outcomes that have resulted for the club from our efforts over the past seven seasons. I would especially like to register my gratitude to Treasurer Ken Ryan who has been the only other management committee member to have served in the same position throughout my term as President. Ken's knowledge, experience and dedication remain invaluable.

The loss in March of Life member Dave Murray is one that the club has still not recovered from. To all who knew him, DM was still in the prime of his life. Dave was a Life Member of the Surf Club, the Eskimos & the Winter Swimming Association of Australia. More recently, he chaired our Centenary Committee. Dave, you are surely missed, and member's thoughts remain with Goodrin, Stewart, Chris, Graham & all of the family.

I take pleasure in welcoming 2 new major supporters of the club. In December 2006 we were able to announce a new arrangement with Liberty International Underwriters (Asia Pacific). This multinational insurance corporation has its Head Office in Boston USA.. We welcome Liberty Marketing Manager Sophie Nicoll, CEO Michael Abdallah, & Chief Operating Officer John McCabe. In May 2007 we were proud to welcome on board Sapphire Projects (Building Solutions) as supporters. We welcome Sapphire partners Peter King & David Harding.

Ongoing financial and other assistance for the club has been forthcoming from Clovelly RSL & Air Force Club, Randwick Labor Club, Souths Juniors, Eastern Suburbs Leagues Club, Beach Palace Hotel at Coogee, Raine & Horne Clovelly/Coogee, Harvey Norman Commercial, Electrolux, The Clovelly Bendigo Bank, and The JourneyMasters travel agency at Paddington.

We also thank Mayor Paul Tracey & Randwick City Council for their ongoing support and for the \$30,000 annual maintenance & administration grant that we receive from RCC.

Clovelly SLSC, along with all clubs in the whole of SLSA are greatly appreciative of the ongoing assistance received from DHL. This community focused freight company, continue to provide at no cost to clubs, patrol shirts, shorts and shelters for every club in Australia. They also provide all clubs with an annual financial grant. Thank you DHL.

The support of all of the aforementioned organizations has been invaluable in facilitating the dedicated delivery of Vigilance and Service by all members of Clovelly SLSC

State Member for Coogee Paul Pearce never hides his admiration and support for the movement and the individual clubs. Paul always finds the time to support club functions. Federal Member for Wentworth Malcolm Turnbull has also visited our club this season. Thank you all, for the political recognition of the value of the volunteers of the Surf Life Saving movement.

The 32 Bronze Medallions awarded to Clovelly candidates during the season ensures that our prime function of patrolling Clovelly

Bay with "vigilance and service" will continue to be fully human resource enabled. Our total number of awards was 189, and when the 41 surf education wards gained by Nippers are added to this, the Clovelly grand tally of 230 awards ranks right up there with many of the larger SLSS clubs.

On Sunday 21st January, Clovelly SLSC had the honour of hosting the NSW Government launch of Australia Day celebrations. Guests included the numerous Australia Day Ambassadors, politicians including Michael Egan & John Della Bosca, SLSC President Ron Rankin & CEO Brett Williamson, Alan Whelpton (SLSC President 1975-2001), SLSSNSW CEO Phil Vanny, Paul Pearce (Member for Coogee), Paul Tracey (RCC Mayor), & the Clovelly Management Committee. The Westpac Helicopter, Offshore Rescue Boat 3, Rescue Jet Skis, & Clovelly IRBs and rescue boards all featured in a demonstration of rescue capabilities and lifesaving resources just off the breakwater. This was yet another demonstration of the standing of Clovelly SLSC within the movement, and the community, as the club proudly represented Surf Life Saving on this day in the Year of the Surf Life Saver.

Other memorable club social events have included the annual golf day, Melbourne Cup Day at the club, the Australia Day social, Veteran's Day, the regular Sunday Club Bar, a business luncheon featuring Malcolm Turnbull & Lachlan Murdoch, a harbour cruise, club BBQs, Presentation Night and a Breast Cancer Fundraising Breakfast which raised \$6,000 organised by members at the club.

On the broader local surf lifesaving fronts, Clovelly members continue to actively contribute. Assessors including Mark Percy, Peter Jones, Glen Clark, and Ken Joliffe have spent hours on the beaches examining Bronze and other candidates from all Randwick District clubs. Tony Beger has been our voice on the Surf Com patrol radio network. Bob Bransdon, Tony Beger, Craig Wheatley & Jodie Backhouse have also been active officials at numerous carnivals including the State and National Titles. Ray and Jeanette Isaacs are also officials for Clovelly at Sydney Branch carnivals. We need more officials from Clovelly at all carnivals next season and this is a priority for the incoming committee. On the

Randwick District Offshore Rescue Boat 3, driver Tresne Owen and crew people Dave Anderson, Cianan Fitzgerald, Tania Rouse & Jennifer Mirto made great contributions as well as meeting their Clovelly patrol commitments.

The commiserations and thoughts of all Clovelly members are with all those families and members who have lost loved ones. We are all the poorer for the losses during the year of David Murray, Sarah Buck, Kevin Scott, Jessie (Sandy) Owens, Ron Drew & Kevin "Ruthless" Wilkins.

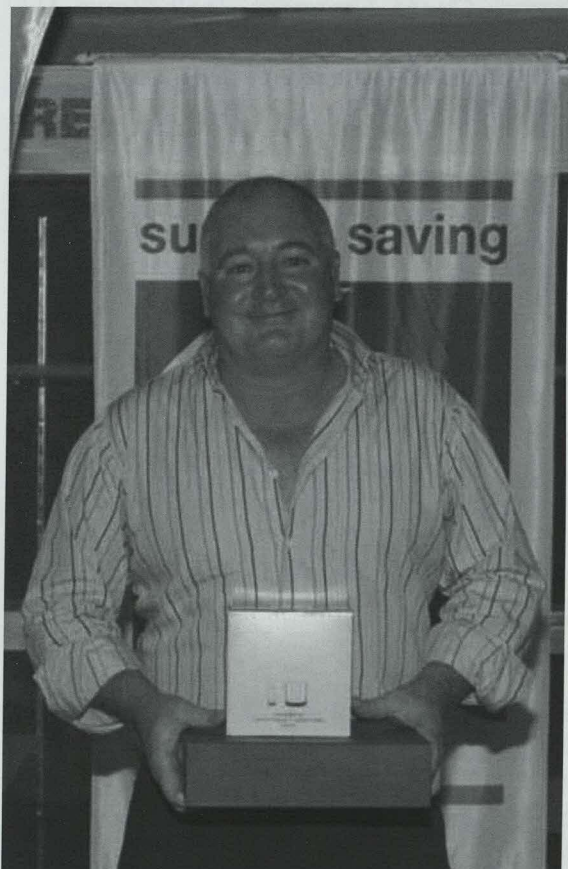

Thank you to Surf Lifesaving Sydney and President Ken English for your ongoing support during the season. Thanks also to Randwick District Executive, District Education Officer John Campanaro and Lifesaving Supervisor Glen Clarke for their practical support.

Thankyou to all Clovelly SLSC management office bearers & to their oft neglected, but always valued, supportive partners for another successful chapter in the now 101 year history of our club. Congratulations to all lifesaving, competitive & club award winners. I stand down as President confident that the club is in a strong position to move forward to embrace the challenges of the future.

Clovelly SLSC eagerly anticipates the coming of season 2007-08. Clovelly SLSC is acknowledged as one of the founding members of our movement. We are privileged to have the opportunity to contribute to our community & to the broader environment of Australian Surf Life Saving.

Geoffrey R. James
President

Glen Clarke
Sydney Branch Assessor of the Year

CLOVELLY NIPPERS

Clovelly Nippers had a very successful 2006/2007 season with over 250 children competing on the beach each week. All of our committee were new to nippers which made our season even more remarkable.

Highlights for the year were the hosting of a very successful Randwick Shield, the development of a new Clovelly uniform including a rash vest for every nipper, the instigation of the Clovelly Tamarama Australia Day challenge which is a two way carnival & a record group attending the State Championships. The attending of the development camps were also a highlight for those who attended.

On behalf of the Clovelly nippers I would like to thank particularly Doug Hawkins who ran the camps brilliantly & also gave us

tremendous guidance & help in running the Randwick Shield & any other question that arose during the year. I would also thank Tim Murray who does a great job as chairman & is always happy to help when asked or if he can make things work better. Thanks also to Margaret Seares for her work & Mike Vitnell for helping organise our boards.

As a new comer the only thing I think should be looked at is trying to encourage & mentor the smaller Clubs such as Tamarama & Clovelly rather than criticising them for not having officials as the branch will be strongest when everyone is strong.

Clovelly is looking forward to a better season next year with not nearly as many questions.

COOGEE SLSC

Coogee Surf Life Saving Club has another strong year and we have once again achieved our goal of 'No Lives Lost' during patrol hours. Additionally we are now also able to add "No Lives Lost" for 100 Patrolling Seasons as Coogee enters its Centenary celebrations.

The membership in the Club is growing steadily with a strong growth trend for new bronze members. To accommodate the growth in active patrolling members we have grown the number of patrols for 13 to 15. Over the last 8 years the Club has increased bronze awards by 255%.

The average joining age of new members is 28 years. Club membership stands at 1783 members with two third male to one third female ratio. Active patrolling members make up 27% of the total Club membership.

This season the Club has placed a strong focus on developing our junior and cadet membership (13-18 years). With the introduction of the Lightning Bronze course, a bronze medallion course aimed specifically at juniors and run over school holidays, our junior membership has seen a strong growth. The growth in junior membership has seen the introduction of an all Junior Patrol. This important demographic makes up 19% of all active patrolling members.

The Club has continued its focus on our core responsibility - lifesaving. This season we have put through 343 awards, 95 being bronze medallion and 22 being Surf Rescue certificates. The number of specialist awards has also continued to be a focus this season. Moving into 2006-2007 season we had a deficiency of proficient IRB Crew, this gap has been filled with 65 members completing this specialist award. It was pleasing to see that 38 members completed the Spinal management award. Which is important for Coogee given the nature of our beach,

The Club put a small but strong team forward for this year's Aussie Titles. This translated into medals – gold in the U19 Men's Beach relay (for our U17 Beach Relay team) and

silver in the U17 Men's Flags. A strong team was put forward for the Branch and State Championships with the following gold medals.

State Results

1st U/19's Male Beach Flags (Nicolas Wright)
1st U/17's Male Beach Relay (Adam Sparrow, Michael Tucker, Kris Papadatos, Will Kemp)
Masters (Thursday) • 1st 140 yrs Surf Teams Race -(Todd Mison, Chris Gatley, Craig Bennett)

Branch Results

1st Open Beach Relay - Kris Papadatos, Michael Tucker, Adam Sparrow & Will Kemp.
1st U/17 Beach Relay - Kris Papadatos, Michael Tucker, Adam Sparrow & Will Kemp. 1st Reserve Boat - Coogee Prawns (Phil Evans, Ash Taylor, Jason Papadatos, Mick Leary & Ben Bartolo). 1st Women's Boat - Coogee A (Beck Hamilton, Stacey Cubbitt, Justine McDermott, Eleanor Jewell & Paul Beale)

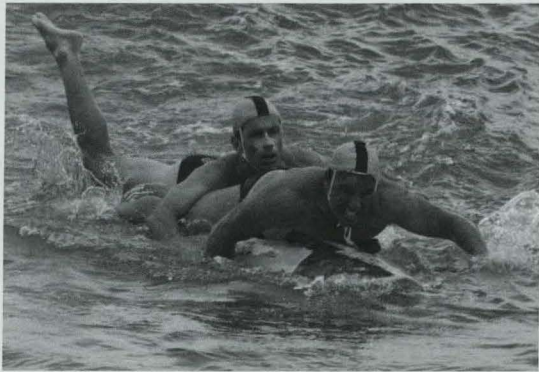

This was the 7th year of the Express Glass Island Challenge held on Sunday 26 November, 2006 with 1,000 plus swimmers taking to the water. The continuation of the Coogee Carnival 3rd February, 2007 and Kellogg's Nutri Grain Ironman Challenge Series final 10th March, 2007.

Randwick City Council continued its support with its annual grant to the Club and the ongoing management of CDSE scheme, both injected welcomed funds into the Club. We continued to receive strong support from our commercial sponsors, without which the Club would not survive. Randwick Council also supported our building renovations with an interest free loan of \$90,000 which was gratefully received.

We were delighted with the equal first placings of Bondi and South Maroubra in the Sydney Branch Champion Club results from last season. This resulted in Coogee being placed 3rd by 1 point, a result which we were proud to achieve.

On behalf of the Executive and Management of Coogee SLSC, we thank Sydney Branch, their staff and volunteers and their sponsors for their continued support throughout the season.

Rob Yeldon PRESIDENT

COOGEE MINNOWS

With the 06-07 season now finished, it's time to look back at what was one of our best seasons yet. The season started very strong with lots of regos and enthusiastic parents and kids.

We welcomed new Age Managers in Geoff Nixon, Craig Sewell and Tass Karozis and a new Water Safety Captain in Peter Sakely, all stepping up the mark to assist in managing the kids on the beach every Sunday.

With around 565 kids registered for the season and 100+ parents attending our training courses, it was always going to be big and it certainly delivered, especially in the Year of the Surf Lifesaver and celebrating the Centenary of Coogee SLSC.

Sundays seemed to move through very well this year and with lots of days in the water and on the sand the Coogee Minnows continued to learn and refine their skills. We

were also ably assisted by the cadet group representing last seasons Under 14's - well done guys.

Our new Racing Mals arrived at the early part of the season and were an instant hit with the Under 14's. These were a major purchase for the Minnows and we would like to thank our board sponsors Medina Apartments Coogee, Coogee Smiles Dentistry, Freemasons - Bronte Lodge, Kelloggs and Seige for their support.

This year a group representing both the Under 11's and Under 13's went to the Sydney Branch Development Camps and represented Coogee very well at the camp in all aspects of leadership, teamwork, activities and having heaps of fun. Many thanks to Simon Poidevin and Craig Howie for their assistance.

The Randwick Shield carnival hosted by Clovelly at Coogee was a great morning for all with lots of friendly competition and a huge success. Coogee looks forward to hosting next year.

This year we added a 2 day Surf Camp to our program and this was then added to by the inaugural Bush Nipper program run by SLSC. Coogee was chosen as the Nipper club to welcome the Bush Nippers and it was huge credit to all those involved to be invited to work with SLSC and Westpac.

The Surf Camp and the Bush Nippers was a huge success and all those involved were brandishing huge smiles and a lot more skills after the sessions. Both the Surf Camp and the Bush Nippers are currently planned for next season.

The Bush Nipper program was filmed as part of the new Ch7 Surf Patrol Series so we look forward to seeing this on air later this year.

The later part of the season saw Coogee attending the Branch Carnival in record numbers and congrats to Tim Wilson and Angus Bennett on their medals.

The Junior State Carnival arrived and another team competed under the two blue cap. Congrats to Jessica Thornton on her Silver medal

This season was also the last season for Tom Carroll, our Under 14's Age Mgr.

Tom has been a member of Coogee Minnows for the last 12 years and had been on the Committee for 11 of those years, 4 of those as Captain.

We would very much like to thank Tom for all his wisdom, leadership, and foresight and we would not be the club we are without his commitment.

We also saw our Secretary Jim Mackie move onto to other responsibilities and we thank Jim for his last 3 years of service to the club as Secretary.

This years Committee, Age Mgrs, Assistants, Water Safety Team, and Gear Team have been of tremendous assistance to the club, and my appreciation goes to each of them for their time, effort, support and commitment to the kids of Coogee Minnows.

Jason Black and NG Farah Coogee continue to be our major sponsor and have now been with us for over 8 years. This is a tremendous long term effort, and we are very much appreciative of their continued support.

Over the last two years we have also seen an increasing number of Under 14's moving through to the Junior Cadets and becoming Patrol Members. This has been very encouraging for all members of the club and we look forward to this continuing in the future.

This pathway has been a result of work by both the Minnows and the Senior Club represented by Pat Garcia and Mark Andreatta. Coogee Minnows very much appreciate the support and encouragement given to us by the Senior Club and the Mgt Committee.

To our Dads Army Bronze Team and new IRB crew members well done, and we look

forward to more parents joining the Green Team early next season.

Next season is already shaping up to be something special and we all look forward to October 2007, and back on the beach enjoying the camaraderie and friendships, that is Coogee Minnows

Doug Hawkins **MINNOWS CAPTAIN**

CRONULLA SLSC INC

This season we are once again able to say "no lives lost". In this, the Year of the "the surf lifesaver", our patrols performed very well and we had a large number of awards achieved.

The success of the State championships showed the excellent teamwork of the Bate Bay clubs.

To the Crays on their 10 in a row, well done! To win the State is a credit to our competitors, their coaches, and section leaders.

The trip to Perth was an adventure, but our results, made it a very enjoyable one. It was a very well run event. The next two years will be a test of our resources and determination.

Our Management Committee has worked very hard all year, supporting all aspects of club life, as well as planning for our 100th season celebrations.

Nathan Smith once again had an outstanding season beginning with his second in the gruelling Coolangatta Gold. He always sets a great example for all our competitors. Chris Allum capped a remarkable season by taking out Competitor of the Year for NSW SLS. He was also inspirational in the many roles he undertook in the "On the Same Wave" programme.

Our beach section was once again the backbone of a great pointscore wins. Elly Graf showed maturity beyond her years with multiple gold medals at State and Aussies.

Congratulations to all our members that were chosen in the National High Performance Squad: Nathan Smith, Chris Allum, Elly Graf, Nikki Jones, Ben Orford and Luke Cole.

We invite all other clubs and their members in any or all of our celebrations throughout the 07/08 season. A calendar of events will be circulated to clubs and through Sydney Surf.

Congratulations to all other Clubs in the Sydney Branch and look forward to seeing everyone on the beach in 2007/2008 especially at the Centenary Carnival on November 24.

Kevin Neilson
PRESIDENT

Nathan Steiner in Action

CRONULLA CRAY'S

It is very pleasing to be able to write a report knowing that Cronulla Crays have had another successful season. We have now developed the club in all areas of junior lifesaving and I like to think that we can share our success and knowledge with other clubs who will see us as a role model.

Creating history is always exciting in winning the State Championships for a record ten years in a row. However it is especially so when we win in the year that Cronulla Surf Lifesaving Club turns 100. Congratulations to every Crays member for being part of history. Besides congratulating the children I would like to congratulate and thank our coaches Steve Strawbridge, Peter Fitzpatrick, Mark Smith, Mardi Datto, Brett Moore, Greg Rogers, Kevin Neilson, Rob Short, Daniel Neilson and all the others who have assisted and given of their time to help all of our children. Thanks to our team managers Rob Harris, Mark Smith, Brett Moore, Matt Bell and to all the parents for getting the children to training and carnivals.

The U/14's again selected two superb leaders to be their club captains for the season in Nathan Roye and Kayla Moore. Nathan and Kayla were also selected by the club to be our nominations for Junior Lifesaver of the year. Nathan won the Junior Lifesaver and Kayla was runner up at the Sydney Branch Championships.

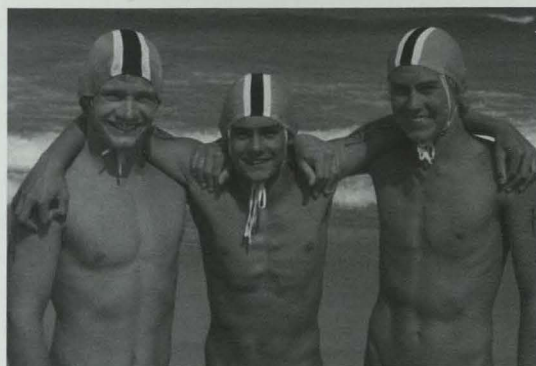

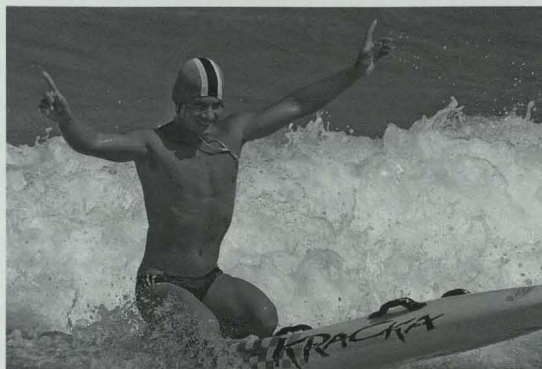

Sunday morning activities at Cronulla are always busy and challenging to run. Thank you to Matt Bell for the time and effort he has put into preparing the program and coordinating the weekly activities. To Chris Barber and his water safety team and Steve Mannion the IRB coordinator and his team thanks for the great job you do each Sunday and at carnivals when you are called upon to assist. To Bryan Wild who continues to put together and administer a magnificent surf education and proficiency program that has helped to make Cronulla the model club I talked about, thank you for your continued time and effort you put into this program.

Each year we run the Cronulla carnival and it gets better each year. This is all due to Sharon Ryan and her team. Congratulations on another great carnival. We have been lucky to have some excellent sponsors who support the Crays especially IMB Banking and Financial Services. IMB have been sponsoring our carnival and supporting the Crays for the past three years and I would like to thank them for their continued support. I would also like to make a special mention and thank you to Daniel Mulcahy the Chairman of Manly nippers for his great support to Cronulla and for recommending to Channel 7 that we would be a good club to sponsor along with Manly. I hope we can continue our relationship.

Thanks to the Crays Committee which meet each month. There are at least 20 to 30 in attendance at each meeting and there is always good, healthy debate on all issues. The club is going well because we have so many people involved and contributing to it's success. There are too many people for me to thank in my report but I must mention some. To all the Group Leaders and assistants, Nippers couldn't happen without you so I hope to see you all next season. To the Cray Executive - most people wouldn't realise the time you put in, however I would like to

acknowledge it and thank you from the bottom of my heart.

Ian Goode
CRAYS CHAIRMAN

EnergyAustralia®
We're on it

ELOUERA SLSC

Elouera had an outstanding year marked by many highlights and firsts.

Club Administration and Around the Club

After a number of attempts Elouera was able to start this season with a new Constitution. The new Constitution allows for an Executive of 5, a Board of Management of 14 and an additional 16 elected positions to cover the remaining portfolios. Voting at meetings is restricted to the Board of Management. (BOM). Other elected portfolio holders report to their respective BOM person and are responsible for written reports to be made available at the BOM meeting. This new system has worked very well and has resulted in a greatly reduced BOM and a greater flow of written reports. Refinements are of course necessary but overall it has greatly improved the effectiveness of Elouera's management.

The year has also seen us commence our renovations. Immediately on season's end we had the builder move in and start what we hope will bring about a much needed upgrade of our facilities. Unfortunately we needed to borrow to carry out this work and this would have been difficult without the support of Sutherland Council. They generously provided our bank with a guarantee to cover our borrowings.

Social and fund raising activities have covered events such as our annual Seafest, the Melbourne Cup luncheon, a Golf Day at Cronulla Golf Club (shared this year with Wanda), an evening visit to Canterbury Races and the "Tradies" Fun run. Elouera, along with the other Bate Bay clubs, was involved in the training of people from other cultures through the "On the Same Wave" programme which was federally funded and supported by SLISA, SLSNSW and the local Council.

Elouera held its 25th annual Surf Awareness programme in January and over 200 young people attended. This most successful clinic is generously supported by Elouera's major sponsor, the "Tradies".

Club stalwart Mike Batty gained Life Membership at this year's Annual Meeting.

On Australia Day Elouera's boat crews proudly represented the club at the Australia

Day parade on Sydney Harbour and Life Member Ron Pears was an Australia Day Ambassador

Lifesaving Education and Membership

Membership is much the same this year as last. We have 318 senior club members which include 218 Cadet, Active and Long Service members. JAC membership is around 500.

Awards this year were up by over 100% from 126 to 255. This included 88 Cert II/ Bronzes, 13 IRB drivers and 14 Defibrillation certificates. Additionally some 500 JAC members participated in their education programme. As well as these awards we participated in "On the Same Wave" programme previously mentioned and six of our club members attended cultural awareness training in November.

Once again no lives were lost on Elouera beach this year. 56 rescues were carried out with 2 requiring ambulance attendance. 14 rescues were by IRB, another 14 by Board and 21 by tube. 844 preventative actions were recorded and 188 people required first aid mainly due to marine sting.

Two Elouera members, Dave Kowald and Andrew McKellar carried duties out at Surfcom volunteering a combined 53.5 hours service.

Competition

Elouera is working hard to improve its standing in competition and has reaped rewards from the effort so far expended. We finished in 3rd place in the very competitive Bate Bay Interclub competition this year and at one stage it looked like we could finish even higher. This is a tremendous result considering Elouera has had difficulty moving from the bottom of the ladder for some years.

Our pool competitors achieved very creditable results and Elouera has shown that it is a club to be contended with in this area. Also our Boat section is going ahead in leaps and bounds with improving crews and new equipment. This season we launched a Caltex sponsored boat named "Edward (Ted) Brooker OAM.

Our Masters competitors continue to amaze with their athletic agility. Masters State saw a collection of 7 first places. This was added too

at the Aussies with a further 2 gold medals, Grant Wilkinson an individual and Dean Parry, John Farrell and Brian O'Sullivan a team medal.

Open State resulted in 4 gold medals for Elouera members while the Aussies was most rewarding with a further 4 first places in individual and team events. Congratulations to these competitors who wore gold on the Australian presentation dais; Tom O'Keefe, Dane Farrell, Rory Gillespie, Adam Bryce, Jackson Parkes and Jenny Conder.

Elouera along with the other Bate Bay clubs hosted the State Open and Junior carnivals in February and March this year. Also two boat carnivals were scheduled although high seas caused cancellation of one.

Sponsorship

Along with other clubs Elouera needs its sponsors. These community spirited organisations are invaluable and without their support lifesaving would be a completely different picture. Elouera is indeed fortunate to have The Sutherland District Trade Union Club (The Tradies) as its major sponsor, a sponsor that has supported us financially and in other ways for over 20 years. Caltex is another wonderful sponsor and this year without Linfox our trip to Perth would have been very costly. Thank you to these organisations as well as DHL who have supported us with uniforms, patrol tent and finance.

John Brown

DIRECTOR OF ADMINISTRATION

ELOUERA JAC

Another season comes to an end with again many wonderful achievements by Elouera nippers.

Our registrations were up by about 20% with just on 500 nippers on our books by the end of the year. More pleasing was the retention and participation rates throughout the season with most groups having large numbers on the beach each week. It was certainly one of the highlights of the season for me to see so many nippers, particularly from our younger groups, in the water each Sunday despite, at times, some challenging.

This comes about largely as a result of some wonderful support from managers/instructors, water safety and parents. We are fortunate to have had a great group of managers and instructors this year who have worked hard to ensure that all nippers, regardless of ability or competence, get the most out of their lifesaving experience. I know too that they have been ably supported by a large and growing band of parents. I would like to take this opportunity to offer my thanks to all those who helped in so many ways as it is your support that keeps our club moving forward.

Our water safety team, again led by Peter Bailey, are a special group, providing not only an essential safety service but offering encouragement and nurturing to our nippers in the water. The group is expanding each year with so many parents completing their bronze medallions – it needs to be noted though that some of our water safety folk have been fronting up Sunday morning for many years, long after their kids have moved on from nippers and we should all be very grateful for their commitment. We also provided water safety far in excess of our required numbers at all carnivals that we attended, a fact noted by both Sydney and NSW Surf Lifesaving bodies.

This year we again hosted the state titles. Unfortunately the timing of major carnivals denied us access to our beach for a number of successive weeks which was a little unfortunate, though this will not be the case next year. Such a major event could not have been held without an enormous amount work

from volunteers and I would like to thank all parents and friends of nippers who helped in so many ways right throughout the two week period.

Our competition results again showed a significant improvement from previous years, due in no small way to the large team of trainers giving their time and expertise at the many additional training sessions during the week. Special mention to those junior members of our club who ran a number of these training sessions, providing wonderful role models for our nippers.

While improvement in competition results is always pleasing, what made me especially proud again this year was the number of unsolicited comments I received regarding the wonderful spirit with which Elouera nippers compete. We always compete as a team, giving 100% in events but always with a smile, congratulating our competition and encouraging our team mates. Who could forget finals day at State where it seemed the whole sprint track was surrounded by screaming Elouera supporters.

Of course we cannot compete if we could not provide our quota of officails. In many ways an unrecognised role but my sincere thanks to the many club members who filled this vital role throughout the season.

This year saw all our U14s and a good number of our U13s receive their Surf Rescue Certificate and I am very proud to see these young life savers perform their duties on patrol; already a number being involved in significant rescues. My thanks, as always to the club instructors who were involved in running these programs.

We were fortunate to welcome 2 new major sponsors; my sincere gratitude to Scott Moore from Southern Waters Real Estate and to Micheal Byrne and Stephen Warncken on behalf of Linfox for their wonderful support this year.

While speaking of sponsorship I again would like to acknowledge the support of Graham Hill and the Sutherland District Trade Union Club.

To the committee that kept our club going and to Dave Young and the executive of the

senior club; thank you for your support throughout the year. We have all worked hard to make it "one club" and I look forward to continue to work towards that goal.

As always we are saying goodbye to a great group of nippers as our U14s move into senior club. I have been fortunate enough to be associated with this group right from their commencement in the U6s and they are an absolute credit to our club; due in no small way from the influence of their wonderful managers and instructors. I hope these nippers remain with Elouera and continue their path in the surf lifesaving movement.

This group also provided our club captains and vice captains and I am very proud of the way that Cameron Nicholls, Mitchell Wray, Angie Smith and Danielle Polson played their role, particularly with the younger nippers. Angie's selection as Sydney Junior Lifesaver of the Year is a credit to this group and her managers and instructors.

I would also like to acknowledge the work of Tim Murray and his executive at Sydney branch. They are a group committed to the betterment of nippers and we are very grateful for their support and advocacy on our behalf. Special mention, as always, to the 2 development camps which provided special moments for a number of our nippers,

Warren Smith NIPPER PRESIDENT

ERA SLSC

The 2006/2007 season has once again been a successful one for Era SLSC. The efforts of the management committee and the active members who have continued to provide voluntary lifesaving work in Royal National Park are to be commended. I would like to thank the clubs sponsor including surf lifesaving patrol sponsor DHL for their continued support.

I am pleased to report once again the efforts of the active members are to be commended with 27 out of the 63 patrolling members achieved 100% patrol Attendance. We had 45 members attaining awards this season an excellent result for a small club

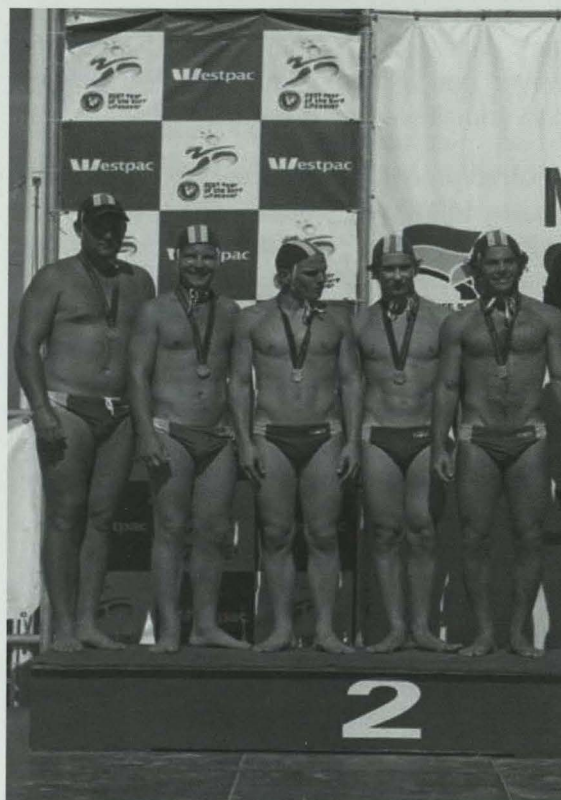

My role as President has seen me representing the Era SLSC on NPWS Royal National Park Cabins Consultative committee and the NPWS Regional Advisory Committee. The consultation process between the National Parks & Wildlife Service, Cabin Communities and Surf Clubs is still continuing and I am hoping we will be able to reach an amicable agreement to ensure the 69 years of volunteer surf lifesaving activities at the three National Parks beaches continues into the future.

The Club was also active in Boat Competition arena with two crews competing at the NSW Surf Titles. The 160 year crew made the semis of the Reserve boat and the final of the Masters and the Semi Finals of the Aussies. The Junior crew had an excellent year winning the Red Rooster series, 2nd the Branch and 2nd NSW State titles. Congratulations to Shane Howe on training both of these crews. The nipper section has continued with great success with all of the young members having a great time on the junior activity days.

In closing I would like to thank the Sydney Branch officials who assisted the club

throughout the season for the time they contribute to competition and surf lifesaving activities.

Mark Wood
PRESIDENT

EnergyAustralia®
We're on it

GARIE SLSC

The season of 2006-2007 has been a significant one for the Garie Surf Life Saving Club. The long anticipated new clubhouse was officially opened with not one, but two ceremonies. The Royal National Park held an impressive event on Thursday 8th March 2007 and was attended by many dignitaries. Minister for the Environment, Bob Debus, and Member for Heathcote, Paul McLeay, led the proceedings along with representatives from the National Parks and Wildlife Service and the local indigenous people. Garie SLSC was well supported with accolades and congratulations from Surf Life Saving and a large contingent of members, supporters, sponsors and well-wishers.

At this point we wish to extend our gratitude to all those who assisted our club in our endeavors to achieve this almost impossible dream. There are far too many to list here, however you all know the part you played and to you all we say, thank you.

The other opening ceremony was held on Saturday 14th April 2007. This event far exceeded our expectations and we were almost overwhelmed with the response from past and present members, neighboring clubs and communities and special guests. It was a very enjoyable occasion; despite all the hard work and planning that goes into running such a big event. With all the interest generated by both of these opening ceremonies, Garie SLSC is looking forward to a renewed interest in prospective patrolling membership especially in this milestone "Year of the Lifesaver".

We were fortunate to have been selected to participate in the National Leadership Camp held at Garie and were honoured at the presentation day for the project's outcomes. The club management has taken on board the suggestions outlined on how to recruit new members and have begun to implement these ideas.

The year to date has been occupied with many events, among them the SLSNSW Centenary Dinner held at the Sydney Town Hall. The President and Secretary attended and were greatly entertained. Our thanks to those who enabled us to be present. There were also invitations to many social events,

carnivals, cocktail parties, book launchings, seminars, etc. and we attempted to attend most of them, however there were also many local issues to be addressed. Thank you all for the interest and assistance extended to our club.

While some of the club executives were being social butterflies, the dedicated patrolling lifesavers were kept hard at work keeping our beach safe. Again, no lives were lost at Garie during the season of 06-07 and this record was kept intact by those responsible members who can always be relied upon. Another reason was due to the remarkable teamwork carried out by a patrol made up of mostly bronze medallion trainees. These trainees successfully rescued and resuscitated a swimmer who was spotted floating face down in the surf. The patient was brought back to shore and the other members of the patrol joined them in using the newly introduced resuscitation method. This was the first time, as far as can be ascertained, that this new method was successfully implemented in a salt water drowning in Australia. The patient made a complete recovery after spending some time in hospital.

Apart from attending other local incidents, our rescue statistics are down on the previous year. This was due to the unusually cold water which kept the beachgoers from getting wet. There were many visitors to our beach but no one wanted to go in for a swim. The surf was often very rough and uninviting and then when it did finally get warm enough, the bluebottles were in plague proportions. Our patrols were kept busy attending to marine stings and bushwalker injuries.

The internal club competitions were very keenly contested at the start of the season but then participation fell off due to the beach conditions. We hope to re-vitalise this aspect of the club's activities with an increased membership and great facilities in the coming season. The Garie Dash boat carnival continues to be the club's main competitive arena however. On 19/11/06 the "Dash" was held once again at Horderns Beach, Bundeena and was attended by 36 crews contesting 5 Divisions and a Relay. There were 7 Opens, 9 Reserves, 10 Women's, 6 Under-23s and 4 Under-19 crews. Congratulations to all the

winners. We look forward to seeing you all back again this year on 18th November.

The past season saw a keen interest in the Junior Activities (Nippers) although numbers were down on previous years. This was no doubt because of the terrible beach and weather conditions on most of the nipper days. However, the RNP District Carnival held at Burning Palms on 4/2/07, was a great day. The sun finally shone and the surf was calm. Our "Garie Cuppies" performed well and everyone had a fun day. The nippers looked good in their 'Best & Less' rash-shirts and a good roll-up attended the nipper's Presentation Day on 18/3/07 held at Bundeena RSL as the clubhouse wasn't completed in time.

This coming season is looking promising for our club. Enquiries from various sections of the community have shown that with the recent publicity we have received and the public awareness generated by the YLS exposure in the media, many more people are keen to sign-up. Our biggest challenge will be in training new members while still putting patrols on the beach. This is where former active members, who have returned to the club, will be a great asset.

Our thanks again to the Surf Life Saving Associations and their sponsors who have assisted our club to survive and to all the clubs in Surf Life Saving Sydney Branch, we are very grateful for your support. Best wishes for a successful new season of 07/08.

Rita Taylor
SECRETARY

MAROUBRA SLSC

The 2006-07 season marked the 100th anniversary of lifesaving at Maroubra by our club. A century of service to the community is an achievement that all members past and present can be proud of and it is a great honour to be President of our great club at this time in our long distinguished history.

On behalf of the board of management of Maroubra SLSC I wish to thank all the members, officials, sponsors and supporters of our club for their contribution to another successful season of lifesaving at Maroubra.

Centenary Celebration

On 4 November 2006 we celebrated our centenary with a function at the Wentworth Hotel in Sydney. About 450 members and supporters of the club attended the function. The Master of Ceremonies, John Donohoe ensured the evening was a great success as guests heard speeches from former NSW Premier Bob Carr, Maroubra Seals Club President Alan Langford and myself. Many thanks to the organizing committee of Peter Macintosh (Chairman), Graham Johnson, Keith Grima, Vicki Grima, Craig Thorn, George Bishop, Simon Keena, John Restuccia, Amanda Head and Alison Vuletic. Your hard work made the event a memorable one.

Lifesaving

The strength of our lifesaving activities was represented in our Club Captain Dave Haggart being named 2006-07 NSW Lifesaver of the year at the NSW Life Saving Championships. Dave is thoroughly deserving of this accolade and on behalf of our members I congratulate him on this significant achievement. How fitting that one of our members should win this prestigious award in our 100th year!

Our Clubs training activities were led by Tony Grivell who had an outstanding season as chief instructor. It is particularly pleasing to see so many junior members gaining their bronze medallion and training to be the lifesavers of the future.

Competition

Competition results were again slim as the club undergoes a generational change in the competition ranks. Significant results were achieved by Blake Francis and some of our junior surfers. We hope to improve our competition area significantly next season.

Sponsorship

Once again I wish to thank the Directors, management and staff of our brother club and major sponsor the Maroubra Seals Club. The Seals again made major financial contributions to our club and ensured our facilities continue to improve and our lifesaving equipment is state of the art. Thanks to Alan Langford and his board, Seals Manager Peter Redding and Peter Reid for managing our club bar. The Seals club continues to be a wonderful contributor to our community and lifesaving, and is deserving of our gratitude and praise.

Thanks also to our CDSE sponsors, Souths Juniors, Maroubra Seals Club & Matraville RSL. Thanks also to Glen Dufus photography for the donation of services at our centenary function.

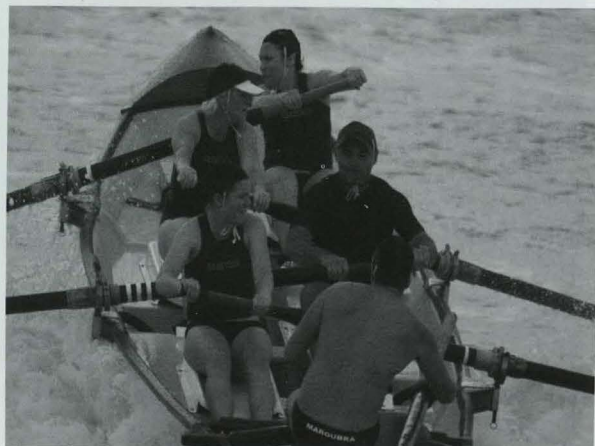

Maroubra Seal Pups

The ranks of the Seal Pups or nippers continue to grow every season at Maroubra. It is great to see so many kids on a Sunday morning at our club learning surf and life saving skills and training to be the life savers of the future. The Seal Pups are a very important part of our club and I wish to thank all the parents who undertake water safety and patrol duties during the season. I also wish to recognise and

thank Tim Murray, Jacqui Twitchings and John McLoughlin for their management of the nippers. The success of the seal pups is testament to your hard work.

In Conclusion the 2006-07 season recognised a century of service by our members to the community. I was very proud to lead our club at this milestone. I thank all my fellow board members for their work in our centenary year. Our great club stands ready for the next century of lifesaving at Maroubra Beach.

Matt Thistlethwaite
PRESIDENT

MAROUBRA NIPPERS

The season 2006/07 was another successful year for the Maroubra Seal Pups. With membership breaking the 500 mark yet again, it seems this will be a regular figure that we will have to get used to. It's heartening to see so many parents making the decision to teach their children surf safety and awareness, a benefit that not only extends into family life but in to the community as well.

With the help of the Maroubra Seal Sports and community club, registrations took place in September at pool side on the 3rd floor of the club. A new system of time pool swims was introduced this year to grade the children's skill level in the water, this proved to be a valuable tool in holding the weekly events.

With the season under way in October, a decision was made this year to split the water areas with U/9 & U/10's having one area and U/11 to U/14's having another area. A conscious decision was made this year to concentrate on the developmental aspect for the U/9 & U/10's. All the events that were held were modified team events, and the distance of the events was suitable to the skill level of the children. The outcomes that were attained were extremely pleasing and thank you to the membership, parents and age managers for the acceptance of this new system. This system was revolutionary in the development of the children and will be the foundation of future development.

Looking at the membership numbers it is pleasing to see that our older age groups are sustaining their numbers. Following last year's record numbers of Surf Rescue Certificate (SRC) candidates at 26 children, this year was extremely pleasing to see 36 children pass their SRC and go on to start voluntary beach patrols and qualified lifesavers.

The two (2) major carnivals, being the branch and state where well attended. Unfortunately due to blue bottle's invading Sth Maroubra, many water events did not see a conclusion at the Sydney Branch Titles. This did not stop a couple of medals coming back to Maroubra in the beach events with Harry Lewis taking Gold in the U/8 sprints. In the U/9's Matt Solomonson took Silver in the sprint and Ben McLoughlin Gold in Flags. Many more children made the finals and gained creditable places in these events.

The state titles seen another two (2) medals come back to Maroubra with Harry Lewis taking Silver in the U/8 flags, with Taylor Olsen also taking Silver in the U/9 flags. The board riders also had a great carnival with Brett Black, Jake Scott and Jay Barron making their finals. Emma McGuigan placed 7th in the U/9 sprint final as well Delainee Melia making the U/9 swim final that they had to hold twice because of such atrocious conditions. Mat Harper also made the final of the U/12 swim and our March Past team finished a very commendable 9th place led by loyal coach Brian Purdon.

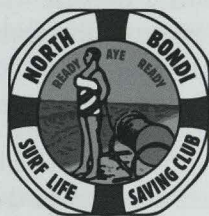

Of course having a membership base of 500 children requires some serious hands on help. Our highly trained water safety proved themselves yet again. Not only are they a valuable asset to the Seal Pups, but a vital part of the Surf Lifesaving structure of Maroubra Surf Club. This year seen 45 nipper parents patrolling Maroubra Beach as volunteer surf lifesavers. With the 7 parents who gain their Bronze Medallion this year our water safety is as strong as ever. Congratulations to Kylie Heussner, Richard Sullivan, Rod Buchan, Jason Peterson, Paul Donovan, Gary Ambrose and Steve Denholm for their dedication in gaining this award.

Thank you to all our sponsors who help us throughout the year, in particular the Maroubra Seals Sport and Community Club. We enjoy a close relationship with the Seals and we appreciate the personal support that is shown to the club by the Board of Directors, Management and Staff.

I will not be seeking re-election this year for the Seal Pups Chairman and would like to thank all past and present committee members and parents for their support over the years.

The club is in good shape with plenty of equipment and resources, a strong membership base and a lot of good people to help run the show, good luck.

Jacqui Twitching
DELEGATE

100 years of Life Saving
1906 - 2006

NORTH BOND SLSC

As one of the 7 Foundation Clubs of Surf Life Saving it is fitting that we celebrate 100 years of service with the Club obtaining significantly 100 bronze medallions this season. This recognition of our core activity, lifesaving, is in addition to the many other lifesaving awards obtained. These awards have primarily focussed on up skilling our members with advanced resuscitation, defibrillation certificates and the like to ensure our voluntary patrollers are very highly trained.

The Club performed 445 rescues this season with no lives lost. Whilst there were many varying rescue situations, the evacuation of swimmers caught in a blue bottle infestation during the Classic Ocean Swim was testament to our professionalism. The removal of over 300 swimmers by IRB, surf board, surf ski, jet ski and indeed by surf boat was accomplished in a professional fashion. Whilst many swimmers were disappointed they didn't get to complete the course, they were all very appreciative of the efforts of our volunteers.

A continued focus at North Bondi has been the development of our youth and the retention of these members into our patrolling ranks. With 802 registered Nippers the Club saw 453 surf education awards gained by this group. This surf awareness knowledge coupled with fun activities and structured training will continue to benefit our youth sector. The highlight for many was our Under 17 March Past team claiming the Australian Championship in Perth. These girls are all former Nippers who have continued on and

completed their SRC and Bronze Medallions and are patrolling and enjoying the Club. To have won an Australian Gold medal is a fantastic result.

During the Year of the Surf Lifesaver, North Bondi has featured prominently. The opening of the season was held at the Club and the launch of the SLSA History Book by the Governor General was witnessed. This is in addition to our Foundation Meeting Centenary Celebration in June 2006 and Centenary Ball held in February 2007.

We look forward to our 2nd century of operations with enthusiasm and commitment, whilst respecting and cherishing our success over the past 100 years.

Grant McMahon
PRESIDENT

THE HEAVE OF KANAWICK

NORTH BONDI JAC

The 2006-2007 Nippers season started off with an amazing 810 registrations. That is an increase of about 100 plus on last season despite having integrated the timed swim requirements which have now been widely accepted.

Once again this year, the emphasis for nippers was on the development of the children for future roles in the Surf Lifesaving movement. Surf Lifesaving Australia is promoting an official Age Managers Certificate course, which was conducted by an accredited trainer. This was attended by all age managers with great success.

We were also fortunate to have some of the younger "senior club" members to act as mentors for the nippers and assist the Age Managers in promoting surf awareness to the children. All nippers received their age appropriate Surf Awareness Certificates.

Also, this year we saw a number of parents do the Officials Course and act as Officials at Carnivals. We put 34 of our U14's successfully through their SRC this season. The children enjoyed this course immensely and we will see many of them return as "senior club" members next season. Hopefully we will see them in a 'mentoring' role with the nippers as well as competing for North Bondi at senior carnivals.

There were no incidents or injuries to report except for a few bluebottle stings. We have heard the 'blueys' were the worst this season for 30 years!

The Waverley Shield was contested at North Bondi this year, and North Bondi came in second place. Thank you to the other clubs in

our area for making this a well organised and fun carnival. We also had a large group of competitors attend the Branch and State Carnivals this year, with some excellent results. Although we didn't come away with a swag of medals at State, (we did get a few gold) many reached the semis and finals. This is very encouraging, especially in some of our younger age groups where we have some very high hopes for future carnivals.

It is also relevant to note that our U17 girls participated in the first ever U17 March Past team entered by North Bondi. This team was comprised completely of nippers from previous years, most from the previous year and some still in the under 14s. This team achieved a gold medal at the Australian Championships in Perth and are looking forward to competing next season. I must say that the whole North Bondi Surf Club is extremely proud of the girls.

This year the nippers received 10 new boards for all age groups for use at carnivals and Sunday mornings. Five of these boards were presented to our club by branch which was greatly appreciated. This will hopefully assist the competitors in achieving their best results.

Adam Pantle
YOUTH DIRECTOR

NORTH CRONULLA SLSC

The 2006/2007 season at North Cronulla has been one of consolidation and steady progress. The Club continues to put Lifesaving first in its list of priorities and the help and advice received from members of the other clubs from the greatest branch in Australia has been greatly appreciated.

With people such as Gary Daly, Peter Carney, Mick Bretherton, Scott Rofe and Tony Coffey working in with our very own Club Captain, Barney Johansen, and Lifesaving Director, Susie Head, the Patrol Teams at North Cronulla were of the highest calibre. Led by many outstanding Patrol Captains, North Cronulla was able to produce the greatest statistic that we all strive and pray for- No Lives Lost.

The Club also put a huge amount of time and effort this season into developing the Youth of North Cronulla with Frank 'Boxhead' Schreuder matching the passion and commitment that SLSS Director of Youth Activities, George Fatseas puts into his most important role. I know North Cronulla is one club that has benefited from the strategies that George has introduced over the past few years.

To our own sponsors and those of the Branch, thanks very much for what you are doing for Surf Lifesaving, nothing would be possible without your most generous support.

To John DeCean and his hard working staff at the Branch office and also Graham Evans and his tremendous team of BOSS Officials thanks very much for your assistance and great work ethic throughout the season.

To President Ken, congratulations on a very successful 'term in office' and good luck with your future endeavours.

In closing, it would be remiss of me not to mention a truly wonderful member of North Cronulla, Ron Hammond, who after many

years as a Boat Official for the Branch, is calling it a day. You will be missed Jack.

Barry Schuetrumpf
DEPUTY PRESIDENT

Maroubra Seals

NORTH CRONULLA JAG

A sensational year at Northies, Juan Antonio's, "best ever..." springs to mind.

Our largest ever number of Nippers – over 570 blue and gold young future lifesavers hit the beach each Sunday morning.

YDG Director Geoff Budd, his committee, Team Managers Jamie Primmer and Marie Dibley, the age managers and squad leaders all deserve recognition for their ongoing organisation of the nipper section of the club – it is a gigantic task. Up and down the coast there are surf carnivals which do not cater to the number of competitors we have on the beach every week.

At risk of signalling out a special mention, one has to be made of Paul Bunting and his loyal assistants. For some years now Paul has taken on the task of leading the U6 squads. His ideas as to activities for our youngest members are amazing: from the famous *3-whistles* game to a flags area covered in hula hoops (to dive through, of course) and littered with buried tennis balls (for the eliminated young flaggers to uncover). The ideas are only limited by his imagination, but if the smiley faces of his charges and their parents are any guide, are much appreciated.

Some of our achievements this year

- The painting and new lighting of the nipper changerooms (donated materials and volunteer labour).
- Reintroduction of the junior R&R Teams (many hours of training has gone into this and the rewards are now coming).
- Integration of board riding at all major carnivals with fabulous results.
- Implementation in a more focussed and disciplined way, of the education side of junior surf lifesaving for all age groups.
- Compliance with the new administrative requirements set down by SLSNSW.
- The success of our traditional Australia Day Iron Person Carnival.
- The large number of parents and helpers who regularly put up their hands for official and water safety roles at the various carnivals (it is to their credit that there is never a need to quiz Northies on meeting the various quotas set by organising authorities).

- A brilliantly successful mid-season *Polynesian* Night for the parents.
- Reintroduction of the weekly *Nipper Natter*.

On the competition side Northies was again a force. Our Nippers successfully competed in large numbers at the *Sydney Water* series in the Illawarra Branch, the *IMB* Carney at Cronulla, the Bate Bay 4-Way, our own *Junior Iron Person Classic*, the Branch Championships at Maroubra, the junior State titles back home at Bate Bay, and a host of other events. Finishing in the State top 10 points score was a fine effort.

Special mention here has to go in 2 directions: Firstly, to our male U12 surf team of Mikey May, Campbell Andrews, Rhys Fowler and Zac Hughes. A 4th State gold medal in a row in that event (5th if we count the U8 wade relay) was an outstanding achievement. Keep it up boys!

Secondly, to the *pocket rocket*, Siobhan Dibley (U12) for following up her flags win at the inter-branch carnival with another State Championship (her 3rd gold and 5th medal win in as many attempts).

A particular highlight during the season was the way everyone pitched in during the State Titles. There was a host of tasks from serving breakfasts to the competition officials, to pulling down tents and cleaning up after the twilight debrief barbecues. The next few years will be touring years for State Titles, something we haven't done for a while. We are looking forward to the challenge (and it must be said, the debriefs!).

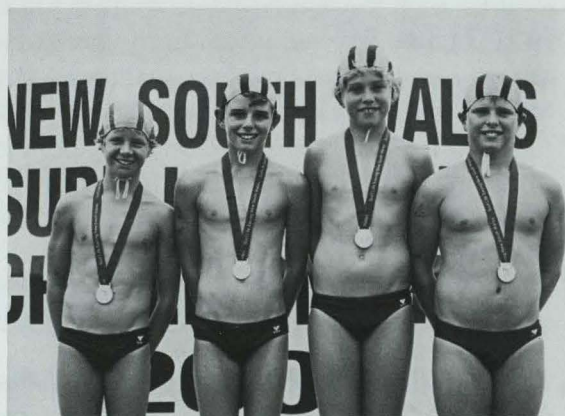

To all our U14's who have graduated from Nippers to the cadets, very best wishes in your future lifesaving careers. Congratulations on obtaining your SRC's and on the patrols you have completed. Club Captain Barney and Cadets Director Frank are looking forward to welcoming you into the senior ranks. I know you will be encouraged every step of the way.

A special thanks to the team at Junior Sydney Branch, Tim Murray in the Chair, Margaret Sears (Secretary) and particularly, Yvette Rutherford at the Office who floods us (in a nice way of course) with so much important information. Doug Hawkins our branch lifesaving advisor again took overall

responsibility for running the two development camps at Deer Park (one for the U11's and another for the U13's). Doug is amazing - it is a monumental organising task and again he did it brilliantly. Reports back from both camps were ultra-positive and the kids tell us they had a memorable time. It was excellent that some of the young Northies cadets took time out to assist with activities at the U11's camp. Michael Roye jumped into the vacant Competition Director's seat with enthusiasm. We look forward to working with him.

In the off-season things are not quietening down. Our U13 parents/nippers are in full swing raising funds for the planned trip to Alexandra Headlands surf club, Sunday morning board training is underway and a pleasing number of nipper parents have jumped into the Bronze squad. All is looking bright for the new Season.

Michael Day
BRANCH DELEGATE

SOUTH MAROUBRA SLSC

On behalf of all the members of South Maroubra Surf Life Saving club I am proud to present to you my report of season 2006/07 – the Year of the Surf Life Saver.

Our core functions of surf life saving have been carried out in an efficient and professional manner with many new recruits becoming surf life savers. Thank you to our patrol men and women who ensured that our beach remained safe each weekend. South Maroubra beach endured some very challenging conditions this season with huge surf and cold waters and it was with great skill that many rescues were performed to ensure the swimming public remained safe whilst in our care. A great commitment of time and energy is brought to ensuring this all happens by our Director of Life Saving – Chris Locke. It is through his dedication and strength that many opportunities are gained by our club.

Education continues to be strength within South Maroubra SLSC and I thank those dedicated and tireless instructors coping with the many changes that occurred this season to challenge the methods and communication of the standards required. Many thanks to our team of instructors for ensuring that the members of South Maroubra SLSC were up to date with the latest resuscitation changes and techniques. Congratulations to Cathie Hall and her team of instructors for achieving excellent results within all discipline of awards.

Some highlights of season 2006/07:

- South Maroubra SLSC members achieving prestigious awards at the SLS Sydney Branch Awards of Excellence (June 2006).
 - BJD Female Lifesaver of the Year – Kailah Elliott
 - BJD Female Athlete of the Year – Kailah Elliott
 - BJD Female Rookie Athlete – Gemma De Sousa

- South Maroubra SLSC – runner up – Club of the Year at the SLS Sydney Branch Awards of Excellence (June 2006).
- Erin Renford on being selected as a representative for our club and Branch at the prestigious SLSA National Leadership Camp.
- Emily Fowler on being selected as a representative for our club and Branch at the SLSNSW Youth Leadership Camp.
- Ken Howell on being at State finalist in the SLSNSW DHL Lifesaver of the Year.
- South Maroubra SLSC becoming the winner in the Randwick District of The Molloy Shield.

On a competitive level, South Maroubra has been well represented in all arenas during the season within the Branch, State and Australian competitions. Our teams have travelled great distances this year for competition and enjoyed many successes. Our IRB racing teams have had great success and are considered to be among the best NSW has to offer. We travelled as a club to both the NSW State Championships in Sutherland District and to the Australian Championships in Perth WA. Our success in these areas has continued and strength in competition from masters to our youth is assured.

This year South Maroubra SLSC enjoyed the new challenge of the Branch Pool Competition and will continue efforts to expand our skills and knowledge in this area.

South Maroubra SLSC was very proud this year to work with SLS Sydney Branch to host the Sydney Branch Titles in February 2007. This carnival was well represented by all clubs within the Branch and I am proud to report a very successful and enjoyable carnival result. Thank you is extended to the BOSS committee for entrusting South Maroubra SLSC with this event. We also extend our gratitude to the hundreds of volunteers, officials, water safety officers and of our club members who ensured that this carnival ran like clockwork. To our club carnival organisers, John Park, Ken Howell and Ken Hudson – many thanks for a job well done.

I wish to acknowledge the efforts of our club members who generously donate time to SLS Branch functions. These areas include such things as:

- Joe White for the many hours he donates to the Surfcom radio room
- John Campanaro for the many hours he donates as the Randwick District Education Supervisor

The members of South Maroubra SLSC wish to thank the outstanding efforts made by the Executive of SLS Sydney Branch. To our retiring president – Ken English, we thank you and wish you well in your endeavours going forward. A special mention of thanks must be made to the tireless efforts by John DeCean, Gary Daly, Grahame Evans, John Brown, Tim Murray and George Fatseas. As a club we thank you for your knowledge and guidance and good friendships we enjoyed throughout the 2006/07 season.

A special mention of thanks is made to those 'gold medal' workers Linda Perrin and Yvette Rutherford. Working under difficult conditions through the relocation of the Branch office and the redevelopment of the Landcom site has not been easy. These two ladies have delivered the most superior level of service and dedication to our club - always with a friendly smile and the offer of assistance when needed.

Ongoing, South Maroubra SLSC is only able to continue to service the community through the generous support and donations of our club sponsors. We wish to acknowledge the generosity of our major sponsors being South Sydney Juniors Rugby Leagues Club, Maroubra Seals Sports and Community Club and Sydney Water. We would also like to take this opportunity to thank the generous donations and support provided to South Maroubra SLSC through SLS Sydney Branch's major sponsors DHL and Energy Australia.

We are fortunate to be residing in the City of Randwick and on behalf of the members of South Maroubra SLSC wish to thank the Mayor and the council officers that support our club. Special thanks are provided by the Randwick City Council for the Annual Administration Grant for the maintenance of our club house. Special thanks are provided to both Peter Stone and Brian Longbottom for their support and assistance throughout the year.

I would like to take this opportunity to commend the skills and dedication provided by the Randwick City Life Guards ably led by Daryl Pearce and Peter Halcro. Once again these gentlemen and the team of lifeguards have worked closely with our members to provide the best available service to the public on any beach.

We at South Maroubra SLSC look forward to season 2007/08 and continuing our path towards delivering the best service that is possible to surf life saving in Sydney Branch.

Patrick O'Neill
CHAIRMAN

Gemma De Sousa
Sydney Branch and NSW Team Member

Tamarama
Surf Life Saving Club

TAMARAMA SLSC

1906 – 2007 Celebrating 101 Years “NO LIVES LOST”

In our one hundredth and one year, Tamarama has again recorded NO LIVES LOST. One hundred and one years of patrolling Tamarama Beach with no lives lost during patrol hours – an enviable record which all members, past and present, can be well and truly proud.

This season we performed a total of 78 rescues and 673 preventative actions. Our objective for being is to preserve and safeguard the beach and surrounds. This success has been achieved by the enthusiasm and hard work from everyone involved in our club – the management team, patrolling members and Nipper parents.

Many thanks to all of our patrolling lifesavers and to the clubs education team of Chief Instructor Michael Alvisse, Sandra Fox and Daniel Zafir who all committed themselves to many hours with the instruction of our club's thirty three new Surf Life Saving award holders.

Special thanks also go to Club members who also patrolled with the SLSS Support Operations Group – John Lackey who assisted at Surfcom and both Simon Birch and Daniel Zafir who assisted with the Support Ski Services.

On the competition scene, we were represented by a dedicated team of competitors who competed at Club, Branch, State and National Titles. Thanks to all members who came out of retirement, transferred competitive rights or competed for the first time and wore the white and blue striped cap.

The Clubs Management Committee functioned effectively this season and appreciation is extended to these members. Appreciation is extended to all club sponsors and also to the very important and valued sponsors of Surf Life Saving Sydney.

I would also like to acknowledge the support and help of the Surf Life Saving Sydney, both the management and competition officials. In particular we thank President Ken English and all the office staff for their constant help and assistance.

As Tamarama SLSC enters its 102nd year, we wish every club the best of luck for the 2007 / 2008 season.

Bill Shires
PRESIDENT

TAMARAMA NIPPERS

In the Clubs Centenary Year it is very satisfying that the Nippers have also completed a Milestone Season with a significant increase in numbers and renewed spirit from both Nippers and Parents in which a Club like Tamarama with it's rich History and Local

standing deserves, the pride in our Club and Beach was evident every Sunday Morning.

All Nippers from the youngest to the eldest were on their best behavior each week and keen to start the day and compete in their events no matter the conditions or weather. Events began on Sunday 15th of October and concluded on Sunday 18th of March with a total of 104 Nippers competing from Under 6's to Under 14's. The seasons consisted of 12 Handicap events and 4 Championship events conducted over summer with the Australia Day Challenge on Sunday 29th of January at Tamarama.

The Pride shown by Our Nippers at the Inaugural Australia Day Challenge with Clovelly was a sight to be seen, the joy on their faces when presented with the shield was very gratifying and special mention must go out to Mick O'Connor from Clovelly who made this possible by commissioning a new Shield and making the Presentation.

It is also important to mention individually the Volunteers who with their time and donations for each the Australia Day Challenge, Christmas BBQ and Presentation Day BBQ and weekly age marshalling Nippers and there events would not be possible: Phillip Miles, Paul Bailey, Chris Styles, Louise Clegg, Guy Waddell, Al Welsh, Brian Mosley, Danielle Forest, Suzie Forell, Andrew Podgornik, Stephen Daley, James Shea, April Robinson, Caroline Overington, Kyle Roxburgh, Danielle Plesums, Ann Davis, Rodney Glass, Rex Hatton, Drew Metcalfe, Barbara Mergler, Terry Goldberg, Jeff Sengleman, Mary Spencer, Ian Lawther, Dennis Patterson, Jon Bird, Rob Jones, Ann Robinson, Liz Bowring, Paul Cooper, Phil Wilchefski, David & Lyndell Morgan, Erle & Toni Lindsay, Alan & Jodi Lewis, Craig & Kirstin Hildebrand, Bill & Judy Shires.

This year three special awards were handed out firstly Volunteer of the Year award was presented to Caroline Overington for tireless work handling the attendance, results and also age marshalling, Rex Hatton received the Senior Club award for his work in teaching and supervising the older age groups with Surf awareness and his vast general knowledge of Tamarama itself, Ann Robinson whom each week brings a half dozen children from La

Perouse via mini bus so they can have the opportunity to compete and learn received the carer guardian award, her work and dedication with these children is a inspiration.

The Roland Talbot award for Nipper of the year went to Claudia Plesums, she has not missed a weekend in five years, she has also helped with registrations, bbq's and is always one of the first Nippers to drag up the boards without prompting .

Another record for Nippers this year was the amount of Nippers recording 100% attendance, 59 in total they were; Mia Mergler, Frances Shires, Eloise Cooper, Madalyn Hilderbrand, Sofia Styles, Sapphire Goldberg, Adelaide Taylor, Emerson Lewis, Laetita Cooper, Ben Paterson, Mackenzie Gavin, Marlon Moseley, Jake Daley, Benjamin Daley, Jack Shea, Theo Liong, Heath Lawther, Jasmine Shires, Lauren Eskin, Alex Sengleman, Chloe Whelan, Chloe Hilderbrand, Molly Forest, Samantha Backler, Elise Palic, Olivia Taylor, Elana Menacho-Conn, Isabella Olivares, Micheal Whelan, Rory Eagle, Jamie Shea, Oliver Finlayson, Tasman France, Ruby Cooper, Thomas Daley, Finlay Lewis, Amelia Metcalfe, Emma Styles, Amanda Spencer, Olivia Plesums, Gemma Eagle, Jemima Waddell, Samantha Eskin, Nicholas Bird, Hamish Taylor, Sam Goldberg, Adam Lawther, Angus Bowring, Angus Plesums, Harry Sengleman, Daniel Morgan, Fin Mergler, Luke Moseley, Fushia Robinson, Jacqueline Davis, India Bertoli, Isaiah Roxburgh, Nelson Miles, Claudia Plesums.

We hope to see you all on Sunday 14th October 2007 at 10:00 am for registration at the club, the first day of the season is Sunday 22nd October 2007 at 9:00am. There will be a mail out closer to the date and check the website for details.

PAUL PLESUMS

WANDA SURF LIFE SAVING CLUB

60 Years of Surf Life Saving at Wanda.

I am pleased to report that the 06/07 was another successful season for Wanda. Surf lifesaving continued to improve and there were no lives lost.

Lifesaving education was a standout with numerous awards gained throughout the season and to those who gained their awards especially those who attained gold medallions, congratulations.

My thanks to the management committee without whose support Wanda would not function. The club had a successful year financially thanks to the efforts of many. The Sutherland to Surf was a great success with our largest roll up ever. About 6,000 people participated in one of the biggest community events in Sydney. To operate such an event for 35 years demonstrates the clubs organisational ability. It is a great promotion for Wanda SLSC in particular and Surf Life Saving in general.

The Wanda Bluebottles had another successful season and I congratulate the JAG committee for their work throughout the year.

On the competition front there were good results from young and old. The high level of enthusiasm has lead to some great performances from teams and individuals. The high standards set by the coaches, and this level of enthusiasm, augur well for the future.

The celebrations of the Diamond Jubilee were a great success and brought together friends old and new. They were fitting reminder of just how fortunate we all have been to be part of such a great club and a part of such a celebrated movement.

Surf Life Saving NSW and SLSA are to be congratulated along with the Federal, State

and Local Governments for their support and funding of the "On the Same Wave" program. This is an opportunity to reinforce Surf Life Saving as one of the most significant volunteer humanitarian organisations in Australia by showing that we truly are inclusive and non discriminatory.

My best wishes to Cronulla on the Centenary.

Ron Smith
PRESIDENT

WANDA JAG

The weather was not so kind during the first half of the season however with a break over the Xmas period the weather improved and we completed all our competition days as planned. Purnell Motors Arncliffe continued as our major sponsor and we were fortunate to have a few new sponsors to look after the age managers and water safety as well as purchasing equipment and publishing our weekly newsletter.

Our U13 and U11 nippers who attended the Development Camps had a fantastic time and I thank Doug Hawkins and his assistants who organised and ran these camps. By all reports a great time was had by all.

Wanda competed at the 4 Way Branch and State Carnivals with considerable success and quite a few of our members attended and the Sydney Water Series on the South Coast.

I would like to congratulate our U12 boys Mitchell Rofo and Jay Furniss on their selection in the Interbranch Team and Tyler Harding from our U13 boys on his selection not only in the Interbranch team but also the NSW team and his Australian Championships. To our U14s good luck in the future and I look forward to seeing you on the beach as members of the Senior Club.

On behalf of the Wanda committee I would like to thank all age managers, water safety, parents for their help and support during the season. To the nippers thank you for a great season, you all competed well and with great sportsmanship.

Finally, I would like to thank the JAG committee members along with the Senior Club for all the work and support throughout the 2006/2007 season. The time you

volunteer away from your families is greatly appreciated by all and without it we would not be able to offer the opportunities that we do to the nipper program.

Anne Caterson
WANDA JAG

**2007 Year
of the Surf
Lifesaver**

DIRECTOR OF FINANCE

Please read this report in conjunction with the Audit report.

This is my 4th Annual report and my last. Over the last 4 years I have overseen change from a basic accounting procedure where most entries were not effectively computerised to a position where we are now making quality use of our MYOB programme. The change has been outstanding and has given us the ability to view all financial matters on a truly professional basis. My sincere thanks go to Corrine Daly for her help in bringing the balances over, to Purrunna for its help and especially to Yvette Rutherford for her enthusiasm and professionalism in attending to the changes.

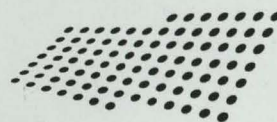

I have also witnessed an outstanding change to our finances during this period. This year we have finished with a surplus of \$271,830 and a bank balance of \$848,943. As well as this extremely liquid bank balance, we have seen the value of our Alexandria property rise over the years to now be worth \$850,000. Our total assets are now \$1,719,103 (05/06 \$1,448,914) and after deduction of our outstanding liabilities our net worth is now \$1,364,229 (05/06 \$1,364,398). At the same time as achieving this result we have had record expenditure of \$531,011 (05/06 \$484,449) and I am happy to say that we have not held back on replacements and purchases of essential equipment in both the lifesaving/training and surf sports areas.

As a measure of assistance to clubs, last year we reduced competition fees by 25%. As an example open events fell by \$2.20 from \$8.80 to \$6.60. We also kept (senior) Capitation fees at the same level for 3 years and for the third year we did not charge an Affiliation fee. While only a small matter this has been of some assistance to clubs. However, I believe that your incoming committee will need to examine ways to further assist clubs and I know that they already have ideas well developed.

The other change that we brought about this reporting year was to encompass the JAC financials fully into our records. We have done this because it is responsible Accounting practise, especially as the JAC is not a separate organisation and in effect is only a committee of the Branch. However, we have done it in such a way that they continue to manage their own affairs and hold their own bank account. The end result is that we can provide MYOB figures for the juniors separately for their records but we also hold their figures in our total accounts. If you refer to note 5 on page 8 of the Audit Report you will see how we have shown the JAC bank balance separately. Note 3 mentions how the accounts are now amalgamated.

My thanks go to our major sponsors being DHL, Energy Australia and Sydney Airport for their outstanding support. This support has contributed to us achieving our good financial position and we look forward to being able to continue working together in the future.

John Brown
DIRECTOR OF FINANCE

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MAY 2007

1 Statement of Significant Accounting Policies

The financial report is a general purpose financial report and it has been prepared in accordance with Accounting Standards other authoritative pronouncements of the Australian Accounting Standards Board and the requirements of the Associations Incorporation Act NSW.

The financial report is for an entity known as Surf Lifesaving Sydney Incorporated as an individual entity. The Association was incorporated in NSW under the Associations Incorporation Act 1984.

The financial report complies with all Australian equivalents to International Financial Reporting Standards (AIFRS) in their entirety.

The following is a summary of the material accounting policies adopted by the Association in the preparation of the financial report. Unless otherwise stated, the accounting policies have been consistently applied.

Statement of Compliance

First-time Adoption of Australian Equivalents to International Financial Reporting Standards

The financial report complies with Australian Accounting Standards, which include Australian equivalents to International Financial Reporting Standards ("AIFRS"). Compliance with AIFRS ensures that the full-year financial report, comprising the financial statements and notes thereto, complies with International Financial Reporting Standards ("IFRS").

These financial statements are the first to be prepared in accordance with AIFRS.

As a result of adopting AASB 1, no adjustments were required for the comparative year ending 31 May 2006 excluding optional exemptions allowed under AASB 1.

The Association has elected to adopt the exemptions available under AASB 1 relating to AASB 132: Financial Instruments: Disclosure and Presentation, and AASB 139: Financial Instruments: Recognition and Measurement. Refer to Note 14 for further details.

Reporting Basis and Conventions

The financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of financial assets, financial liabilities and selected non-current assets for which the fair value basis of accounting has been applied.

2. Accounting Policies

Property, Plant and Equipment

Each class of property, plant and equipment is carried at fair value or cost less any accumulated depreciation and impairment losses, where applicable.

Property

Freehold land and buildings are valued by an independent valuation every three years, with annual appraisals being made by the committee. They are measured on fair value, being the amount for which an asset could be exchanged in an arm's length transaction between informed participants.

The property is held for investment purposes and therefore the committee has adopted not to apply depreciation. Any fall in the value of the property will be adjusted in the associations reserves.

Plant and Equipment

Plant and equipment are carried at either cost or at independent or association's valuation, less any accumulated depreciation or amortisation applicable.

SURF LIFE SAVING SYDNEY INCORPORATED

A.B.N. 74 781 063 539

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MAY 2007

Depreciation

Plant and equipment is depreciated on a straight line basis at rates calculated to allocate the cost less the estimated residual value over the estimated useful life of each asset.

Impairment

The assets carrying values are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable. An asset's carrying account is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Profit and loss on disposal are determined by comparing proceeds with the carrying amount. These amounts are included in the income statement.

Trade And Other Receivables

Recognition

The Association has elected to apply the option available under AASB1 of adopting AASB132 and AASB 139. Amounts owing are recognised and carried at original invoice amount less any allowance for uncollectable amounts.

An allowance for doubtful debts is made when there is objective evidence that the Association will not be able to collect the debts. Bad debts are written off when identified.

Trade And Other Payables

Recognition

Amounts owing are carried at their invoiced cost and represent a Liability for goods and services provided to the Association prior to the end of the financial year that are unpaid and arise when the Association becomes obliged to make future payments in respect of the purchase of these goods and services.

Income Tax

The Association is endorsed by the Australian Taxation Office as a " Public Benevolent Institution" As a result it is exempt from Income Tax.

It is also endorsed as a Deductible Gift Recipient which entitles the Association to receive income tax deductible gifts.

Cash and Cash Equivalents

Cash and short-term deposits in the balance sheet comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less

Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Association and the revenue can be reliably measured. The following specification criteria must also be met before revenue is recognised:

Sale Of Goods

Revenue is recognised when control has passed to the buyer.

Capitation Fees

Revenue is recognised when a member is entitled to the benefits of belonging to the Association

Sponsorship & Grants

Unconditional sponsorship & grants are recorded as income when received. Grants received for specific projects are recognised as revenue upon receipt regardless of whether the expenditure has been incurred as long as there is no contractual right to return the monies received to the grantor.

Rendering of Services

Revenue from the providing of a service is recognised when the member or customer receives the service.

Interest

Control of the right to receive the interest payment.

SURF LIFE SAVING SYDNEY INCORPORATED

A.B.N. 74 781 063 539

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MAY 2007

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of goods and service tax, except:

- (i) where the amount of GST incurred is not recoverable from the Australian Tax Office. It is recognised as part of the cost of acquisition of an asset or as part of an item of the expense.
- (ii) receivables and payables are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

Critical Accounting Estimates and Judgments

In preparing this financial report, the committee was required to make estimates and assumptions. These estimates and assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis.

13 Financial Instruments

Financial Risk Management

The association's financial instruments consist primarily of deposits with banks, local money market instruments, short-term investments, accounts receivable and payable.

The association does not have any derivative instruments at 31 May 2007.

14 Change in Accounting Policy

The association has adopted the following accounting standards that apply on or after 1 January 2005:

- AASB 132: Financial Instruments: Disclosure and Presentation
- AASB 139: Financial Instruments: Recognition and Measurement

The resulting changes from the adoption of AASB 132 relate primarily to increased disclosures required under the standard. These changes do not affect the value of amounts reported in the financial statements.

The adoption of AASB 139 has not resulted in material differences in the recognition and measurement of the association's financial instruments.

15 Association Details

The principal place of business of the association is: Surf Life Saving Sydney Incorporated 1414 Anzac Parade Little Bay NSW 2230

16 Segment Information

The Association operates predominantly in one business and geographical segment, being the provision of Surf Life Saving administration services to the member clubs.

SURF LIFE SAVING SYDNEY INCORPORATED
A.B.N. 74 781 063 539
STATEMENT BY MEMBERS OF THE MANAGEMENT COMMITTEE

In the opinion of the Preceding Management Committee the financial report as set out on pages 1 to 11:

1. Presents fairly the financial position of Surf Lifesaving Sydney Incorporated as at 31 May 2007 and its performance for the year ended on that date in accordance with Australian Accounting Standards, mandatory professional reporting requirements and other authoritative pronouncements of the Australian Accounting Standards Board.
2. At the date of this statement, there are reasonable grounds to believe that Surf Lifesaving Sydney Incorporated will be able to pay its debts as and when they fall due.

This statement is made in accordance with a resolution of the Management Committee in office during the financial year ended 30 May 2007 and is signed for and on behalf of that Committee by:

Preceding President

_____ **Mr Ken English**

Preceding
Director of Finance

_____ **Mr John Brown**

Dated this day _____ of July 2007

**INDEPENDENT AUDIT REPORT
TO THE MEMBERS OF SURF LIFE SAVING SYDNEY INCORPORATED
A.B.N. 74 781 063 539**

Scope

The Financial Report and Management Committee's Responsibility

The financial report comprises the balance sheet, income statement, statement of changes in equity, cash flow statement, accompanying notes to the financial statements, and the statement by the Management Committee for Surf Lifesaving Sydney Incorporated (the Association), for the year ended 31 May 2007.

The Management Committee of the Association is responsible for the preparation and true and fair presentation of the financial report in accordance with the Associations Incorporations Act NSW. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

Audit Approach

I conducted an independent audit in order to express an opinion to the members of the association. My audit was conducted in accordance with Australian Auditing Standards, in order to provide reasonable assurance as to whether the financial report is free of material misstatement. The nature of an audit is influenced by factors such as the use of professional judgment, selective testing, the inherent limitations of internal control, and the availability of persuasive rather than conclusive evidence. Therefore, an audit cannot guarantee that all material misstatements have been detected.

I performed procedures to assess whether in all material respects the financial report presents fairly, in accordance with the Associations Incorporations Act NSW, including compliance with Australian Accounting Standards and other mandatory financial reporting requirements in Australia, a view which is consistent with my understanding of the Association's financial position, and of its performance as represented by the results of its operations and cash flows.

I formed my audit opinion on the basis of these procedures, which included:

- examining, on a test basis, information to provide evidence supporting the amounts and disclosures in the financial report, and
- assessing the appropriateness of the accounting policies and disclosures used and the reasonableness of significant accounting estimates made by the Board.

While I considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of my procedures, my audit was not designed to provide assurance on internal controls.

Independence

In conducting my audit, I followed applicable independence requirements of Australian professional ethical pronouncements.

Audit Opinion

In my opinion, the financial report of Surf Lifesaving Sydney Incorporated presents a true and fair view in accordance with applicable Australian Accounting Standards and other mandatory professional reporting requirements in Australia, the financial position of Surf Lifesaving Sydney Incorporated as at 31 May 2007 and the results of its operations and its cash flows for the year then ended.

THE FINAL WORD

The 2006/07 season has again been a busy one for all of our volunteer Lifesavers who give up their weekends to ensure that the many people that attend our great beaches are protected from the elements of the surf.

I would like to record my thanks to the many volunteers on club committees for your many hours of dedication to the positions you take

on at club level and thank you all for your assistance this season in filling in forms, paper work and replying to the many emails that come out of our office, which only go on to assist the clubs at times.

2007 saw the start of many celebrations for Surf Life Saving nationally with the Federal Government declaring **2007 THE YEAR OF THE SURF LIFE SAVER**, which has seen many celebrations being held and many more to come before the end of the year. What a

great way to celebrate the centenary year of surf life saving in Australia.

At the end of this season several members of the Management Committee will be standing down and I would like to pay tribute to these 3 gentlemen.

Gary Daly – Director of Lifesaving. Gary has been in this role for 2 seasons and has spent many hours in this role over the 2 seasons. Gary has made many hard decisions and through his efforts and his fellow board members have improved our life saving area to become one of the best in the State. He has also spent many hours assisting with the Education side as well facilitating many courses, doing exams.

Grahame Evans – Director of Surf Sports Grahame has been doing this job for over 5 seasons now and has never been afraid to make changes to the program and take advice from fellow board members and competitors as well, this season saw the introduction of a new programme which has core events and then some team events which changed at ever Carnival, this allows for competition to finish by 3.30pm at all carnivals. Grahame has been involved in the recruitment of more officials at Carnivals through the level 1 courses he conducted during the season.

Ken English – President - Ken has been our President for the last 5 seasons and I have been honored to work with him during this period, we have seen many changes made during this time. Ken has always led the Management Committee from the front and was always prepared to make change if it was for the benefit of the Clubs and Officers. Ken has been a very hard working member of this Branch over many years and I would like to take this opportunity to thank him for his many years of service to the Branch as well as thank his wife Kim for allowing him to be so actively involved.

I must also pay tribute to the rest of the Management Committee John Brown Director of Finance, George Fatseas Director of Youth Development and Tim Murray Director of

Junior Development. These gentlemen also put in many hours of their time in their role and also willing to assist in any projects that we all undertake as a Management Committee to ensure that we offer the best possible service to the Clubs.

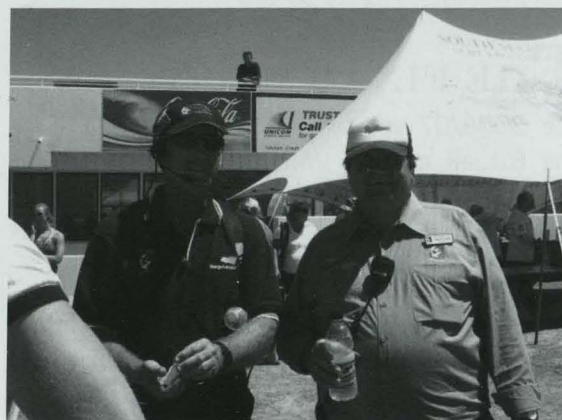

I would like to express my sincere thanks to Yvette Rutherford and Linda Perrin our 2 office assistants, who handle the day to day operations and drive me mad with emails and phone calls every day. Through the efforts of both of these ladies, they have supplied additional training for clubs in regards to surfguard. As you may have notice during the year that we are keeping clubs up to date on what is happening with reminder emails going out as well as the re introduction of the Blue and Gold Newsletter, through the efforts of Yvette who is the author behind the newsletter .

I would like to conclude by once again expressing my thanks to everyone for their assistance in making the 2006/07 season a great one and let's hope that 2007/08 season is even better.

John De Cean
DEPUTY PRESIDENT

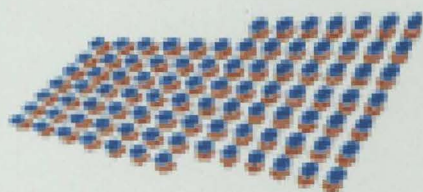

**2007 Year
of the Surf
Lifesaver**

Graham Bruce and John De Cean
